Step right this way, ladies and gentlemen, as we begin the incredible Maryvale High School Tour.

As we enter the south portals, I call your attention to the glass enclosed trophy case which houses many of the honors earned by this school: everything from state champions in baseball to cover design in yearbook.

Incredible.

Immediately behind the trophy case are the offices needed by the administration of this school. Here the records of over 3000 students are kept: attendance figures, scholastic averages, even personal problem referrals are kept on file and may be retrieved at a moments notice.

Incredible

Let us now proceed through the doors to the right. This is aptly named the 300 building because all its rooms carry 300 numbers.

Incredible.

The first section here is devoted to classes in the practical world of business: basic typing is bolstered by modern business machines, business law, and work-study

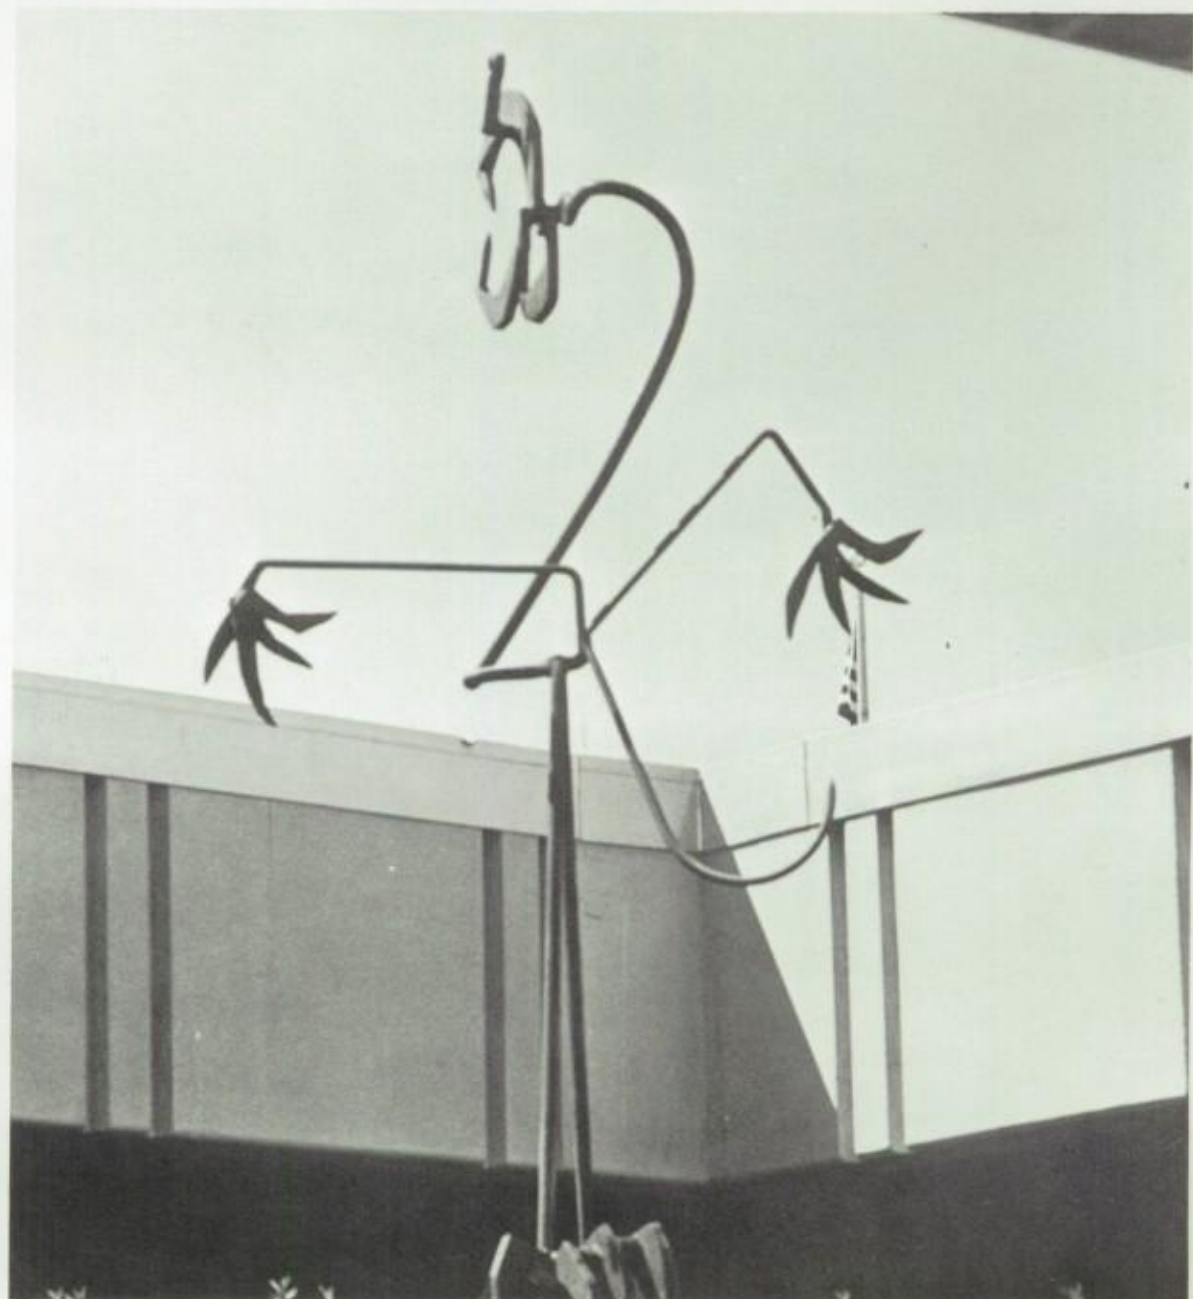

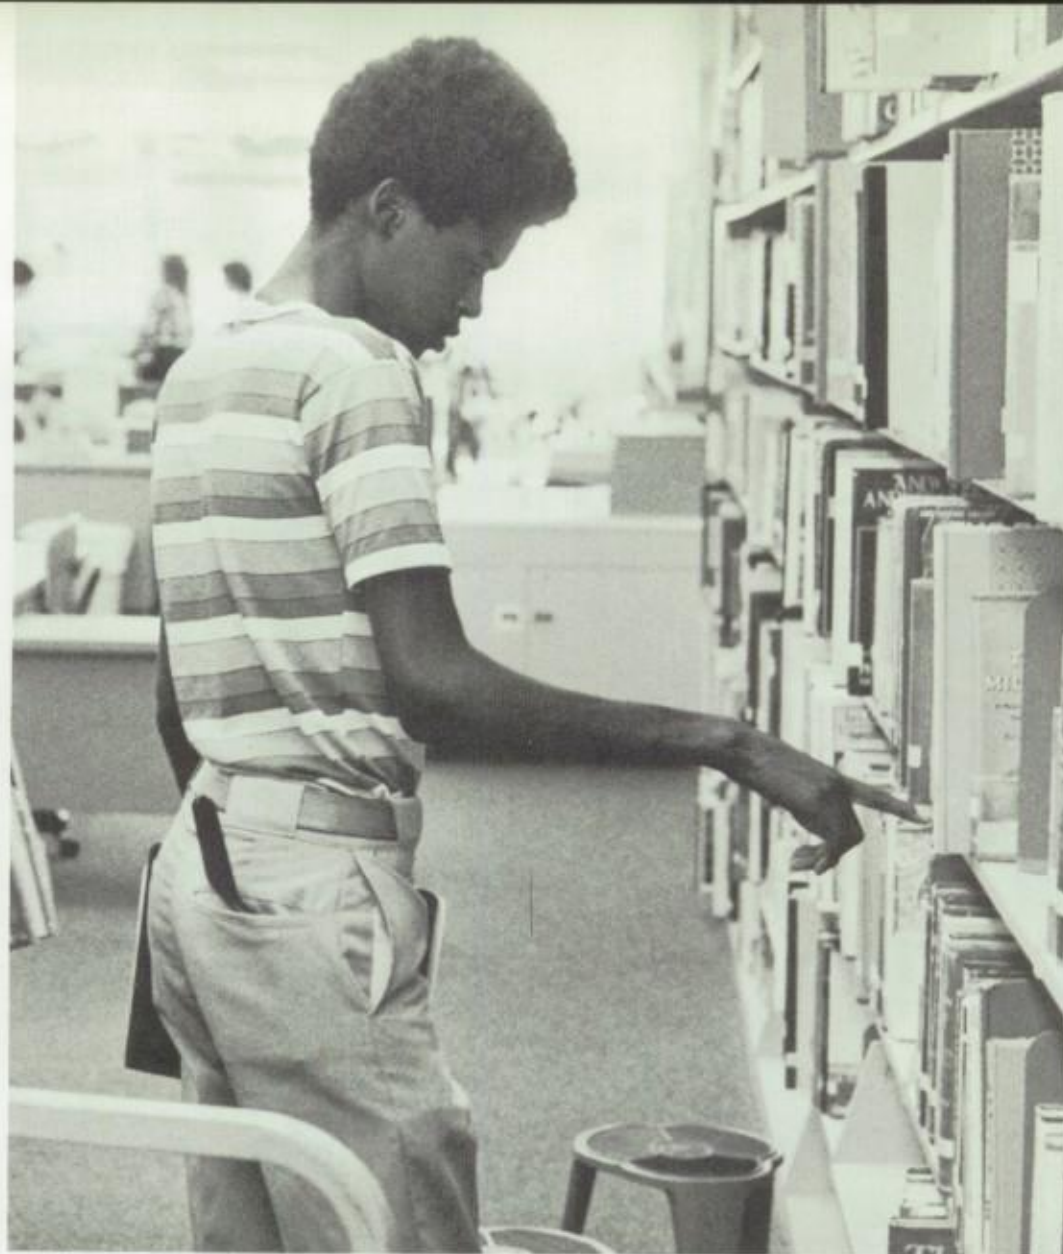

programs like Distributive Education. If we turn left, we approach the English Department which is charged with the duty of teaching communicative skills: speaking, listening, reading, but particularly the basic skill of writing. On your left in this hall are a group of classes also engaged with communicative skills, but this time in Spanish or French.

Incredible.

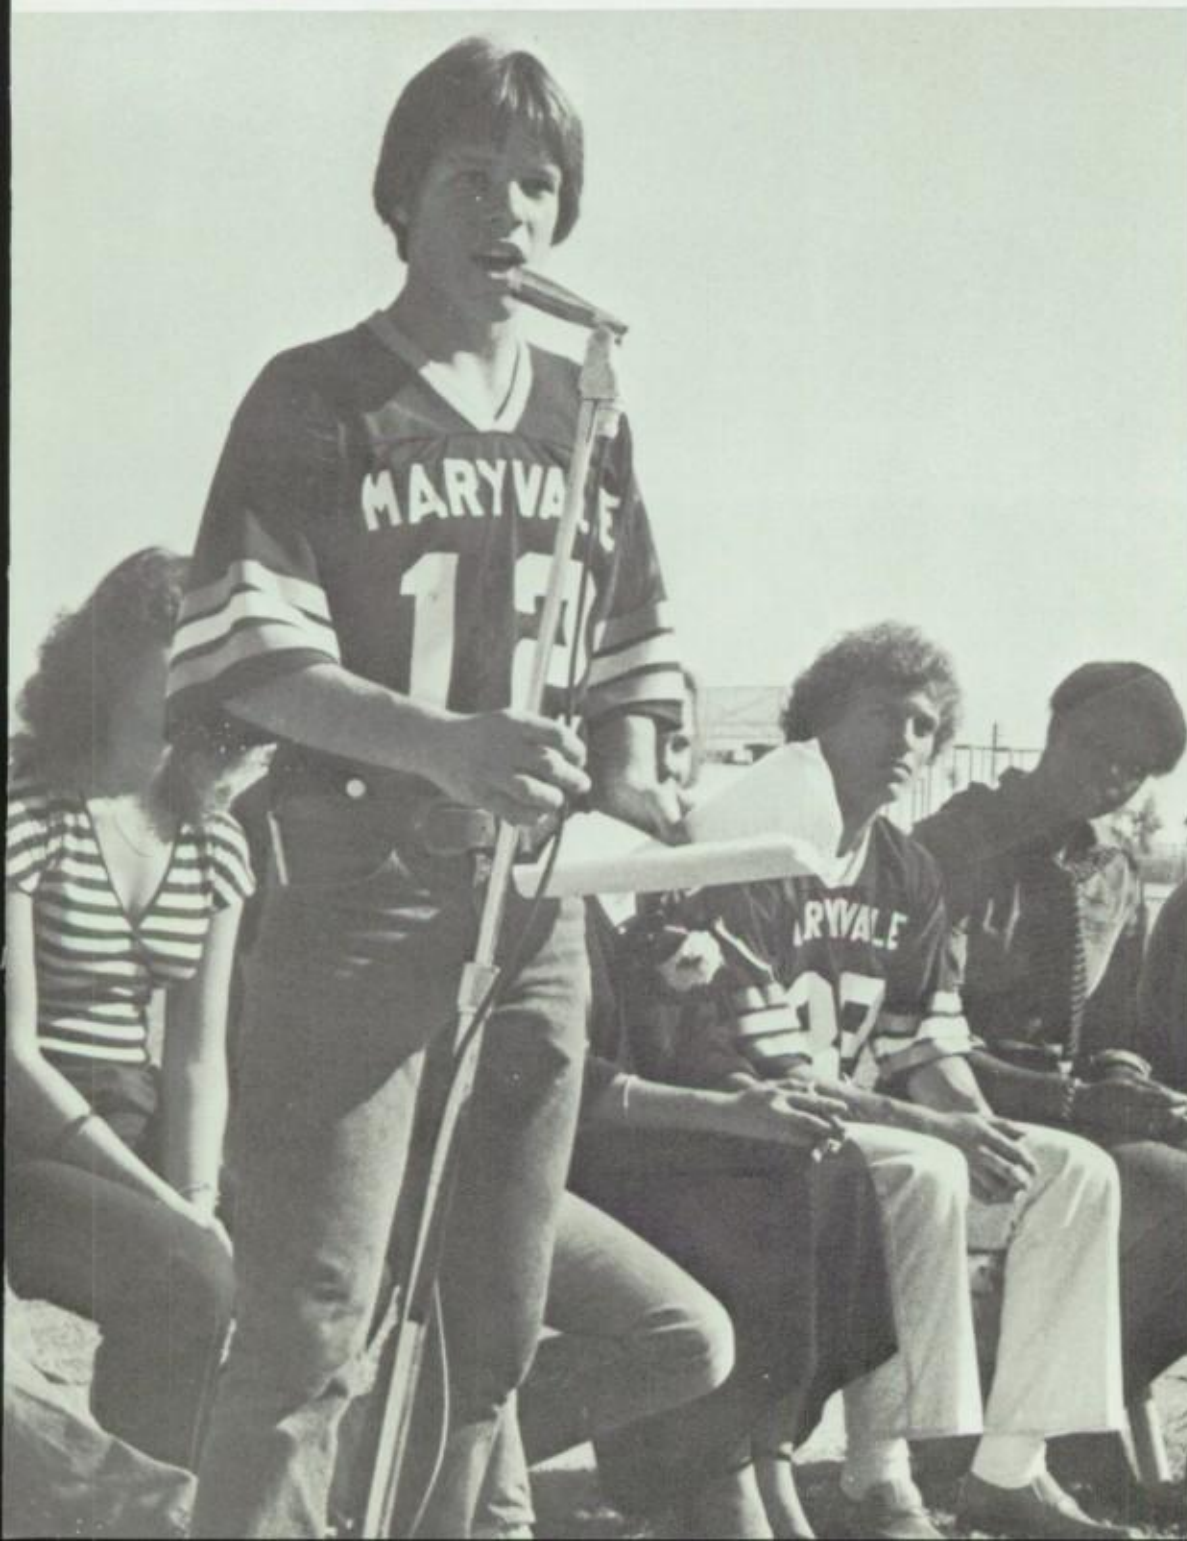

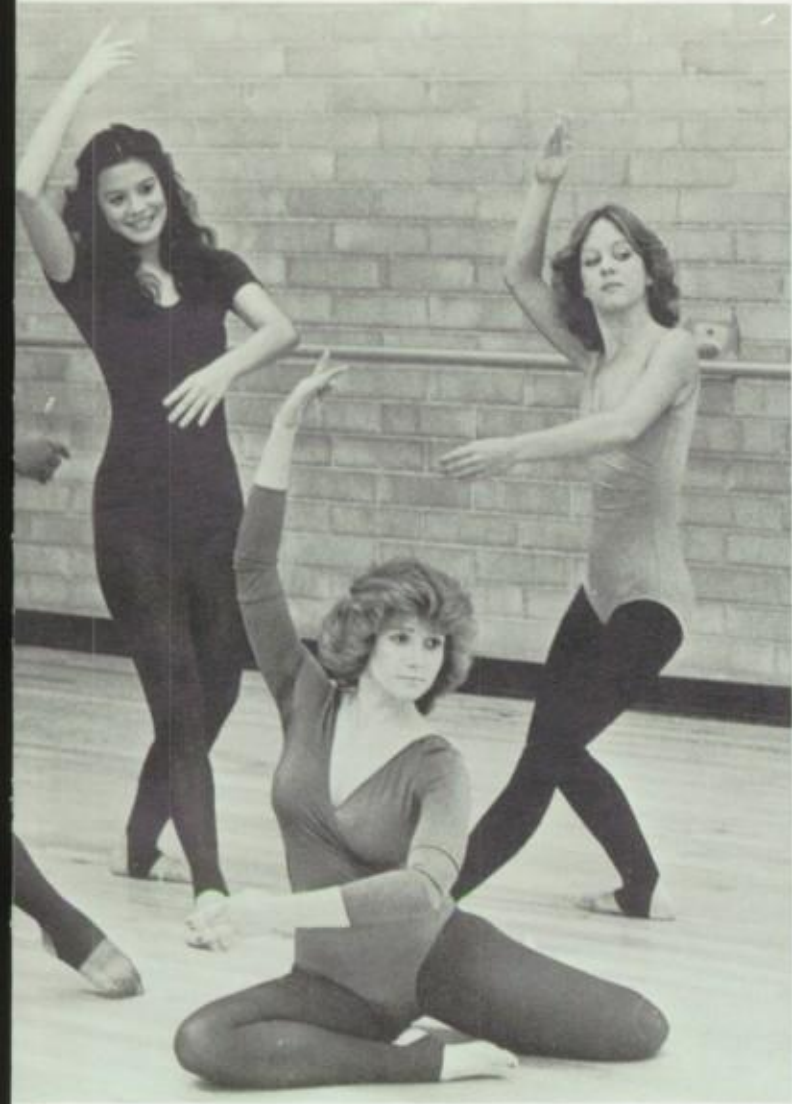

As we leave the friendly confines of the 300 building, notice our patio area with its attractive planters shaded by tall palms. No, lady, that statue of a panther did not grow there; it was created by an artist and given to the school by the class of 1977.

Incredible.

Follow me, if you will, through the glass fronted Instructional Materials Center, better known as the library. Take notice of the attractive open shelves of volumes of reference, non-fiction and fiction along with the many magazines. The Humanities and Americana Rooms contain books of interest to English and social studies students. The murals

Incredible

on the wall were painted by our student artists. Also along that wall is our career center devoted to helping each person find his niche in life. The rooms on the opposite side serve as headquarters for an audio-visual department that books and presents up to 100 films and video tapes each week.

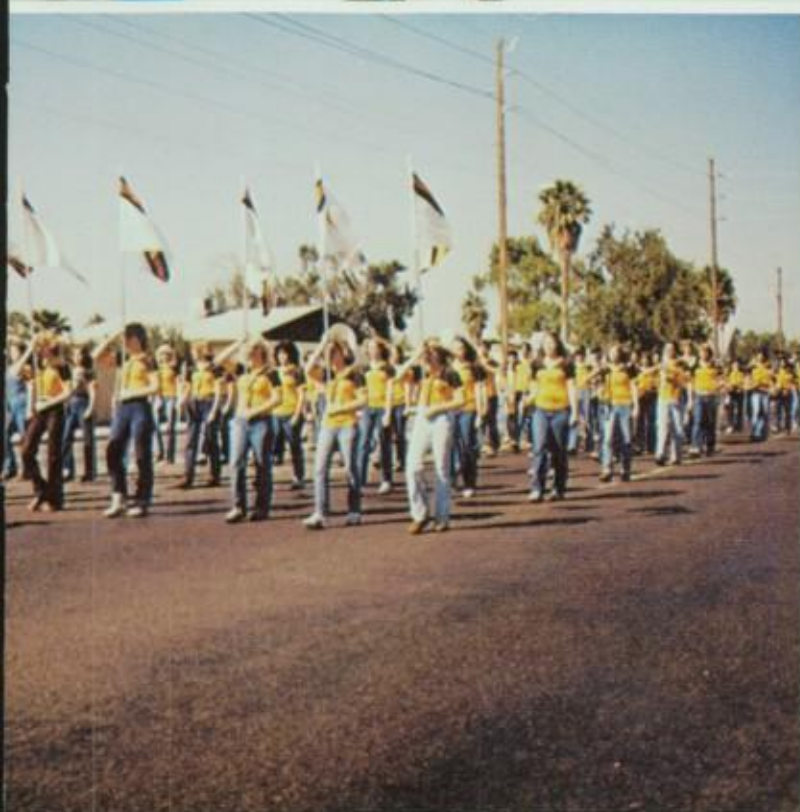

Incredible.

Let us now proceed back toward the front of the building toward the north doors. On the right is the bookstore where, in addition to keeping track of all the students in school, they closely watch the accounts of all the student activities, financially speaking. Be careful on the left there because if Nurse Brims comes flying out of there with a wheelchair, as she is wont to do, you might have a hard time getting the tracks off your back.

Incredible.

The larger office there belongs to the counselors who, when they are not drinking coffee, advise students on personal problems, career opportunities and college selection. The counselors are also responsible for helping students and

Incredible

Incredible

the administration with the scheduling of classes.

Incredible

As we go through the doors on the right here we enter the 200 building which is also aptly named.

Incredible.

This building is the domain of the sciences, both social and natural. The social studies part is in this area here where you see all the maps on the walls. The department teaches our people how to be good citizens. Informed in the fields of state and federal government with knowledge of the law and traditions of the past along with an understanding of the free enterprise system, the graduates of this school are ready to exercise their franchise responsibly.

Incredible.

In the science wing down these halls, students are learning how man can live with his environment. Through courses in biology, physics, chemistry and earth science, all learn to respect the living organisms, the physical laws and chemical makeup of their universe. You

will recognize the chemistry section. It has an air of its own.

Incredible.

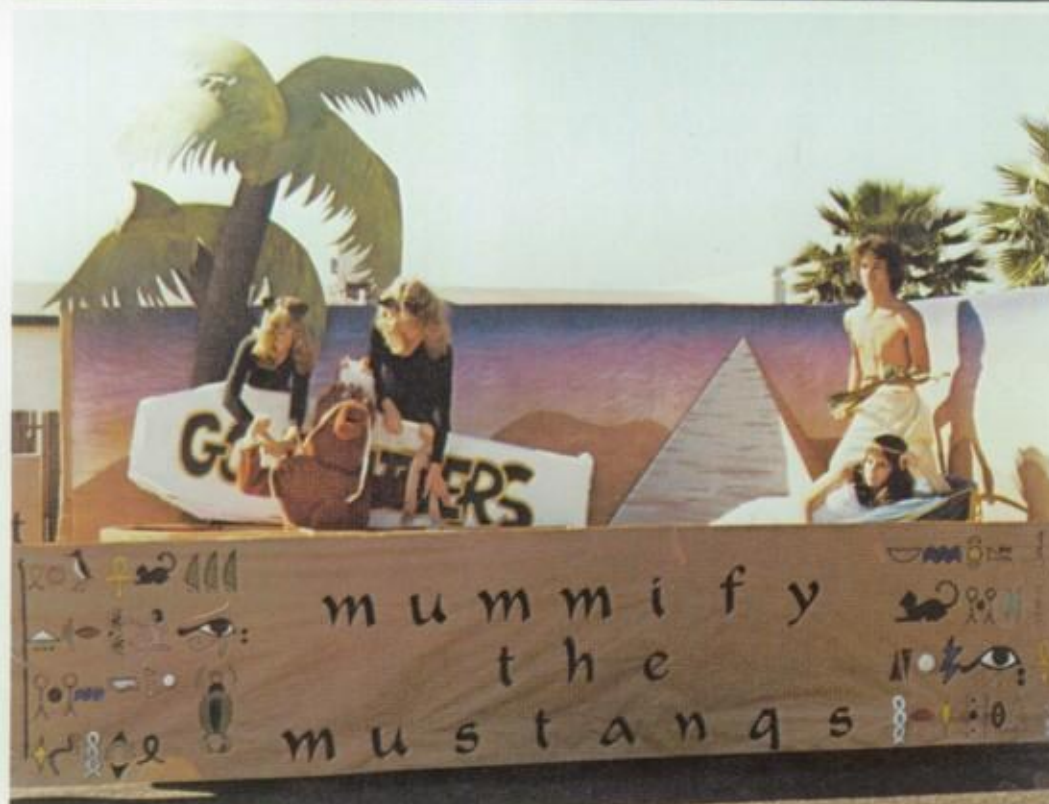

Continuing north through the west door, we approach east door of the newest building on campus, the aptly named 900 building.

Incredible.

Built three years ago the east hall of this building is home to the reading and mathematics departments. Inside these double doors to the left is our beautiful reading center. As you can see, it is a miniature library and study area, surrounded by glass fronted classrooms. In addition to its responsibility for basic reading skills, the department also offers help for the personal and college bound reader.

Incredible.

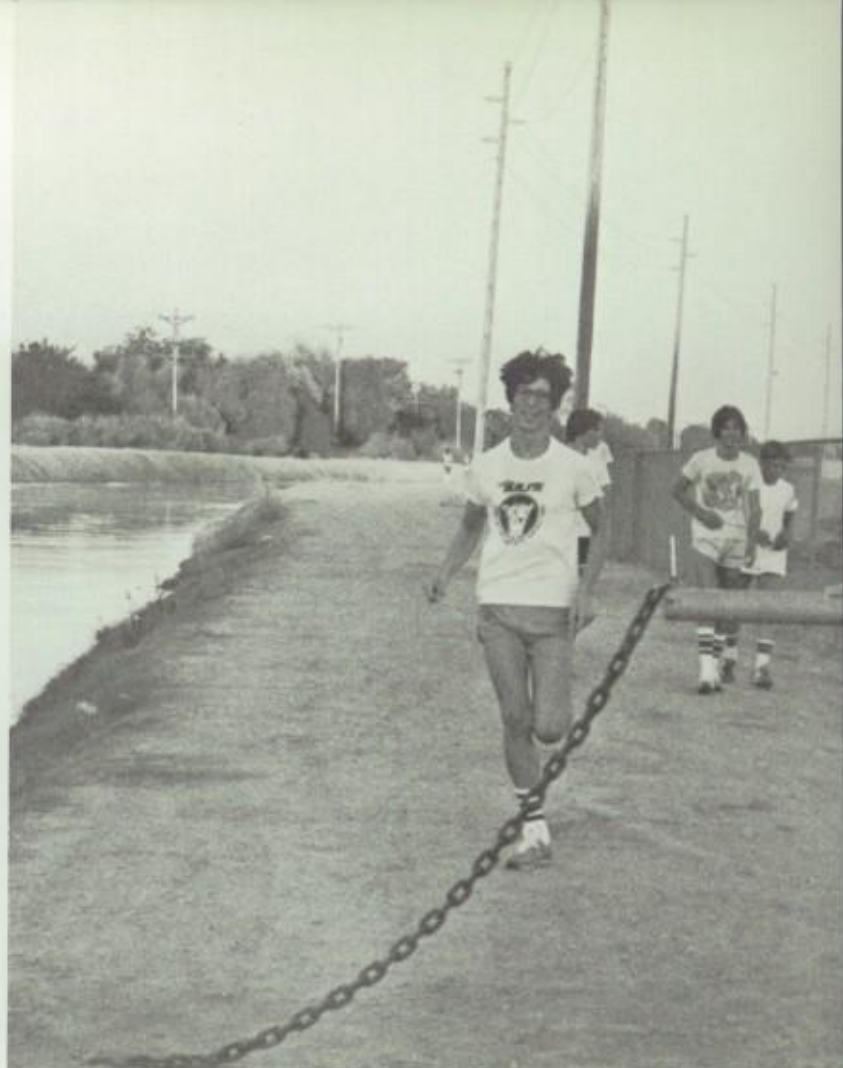

On the right of the west hallway is the mathematics lab where students are taught the basic computational skills and how to figure things out. In addition to the basics, the teachers here present the beauty of logical thinking, geometric shapes and exact formulas through

Incredible

Incredible

classes ranging from general math to introduction to analysis.

Incredible.

In one of our greater architectural feats, we necessitated exiting the west hall for a breath of fresh outdoor air in order to reach the east hallway. If we enter through these north doors, we reach the realm of the art department. On our left is the ceramics room complete with potters wheels and kiln. Along with the esthetic, our students are taught the practical in the form of advertising art.

Incredible

Outside the south door we take a right turn and by looking closely we will find the offices of the exceptional students program. The classrooms are also in this area as well as off the west and east halls. The department is well named. It takes an exceptional student to find it.

Incredible

Back outside again and walking east we come to the former architectural standout on campus in the days before the aptly named 900 bulding

was built: The auditorium. Pay your admission and come inside to review some of the great productions of the past and remember some of the performers who have gone on to bigger and better things.

Incredible.

Pass on through the stage into the aptly named 700 building that is shared by the arts: Performing, industrial and domestic.

Incredible.

The performing arts encompass drama, dance and music. We are constantly amazed by the quality of the stage productions that drama students, through their organization, Thespians, have presented. The band has won honors both in marching and in concert, while orchestra and vocal students have learned to appreciate the finer things.

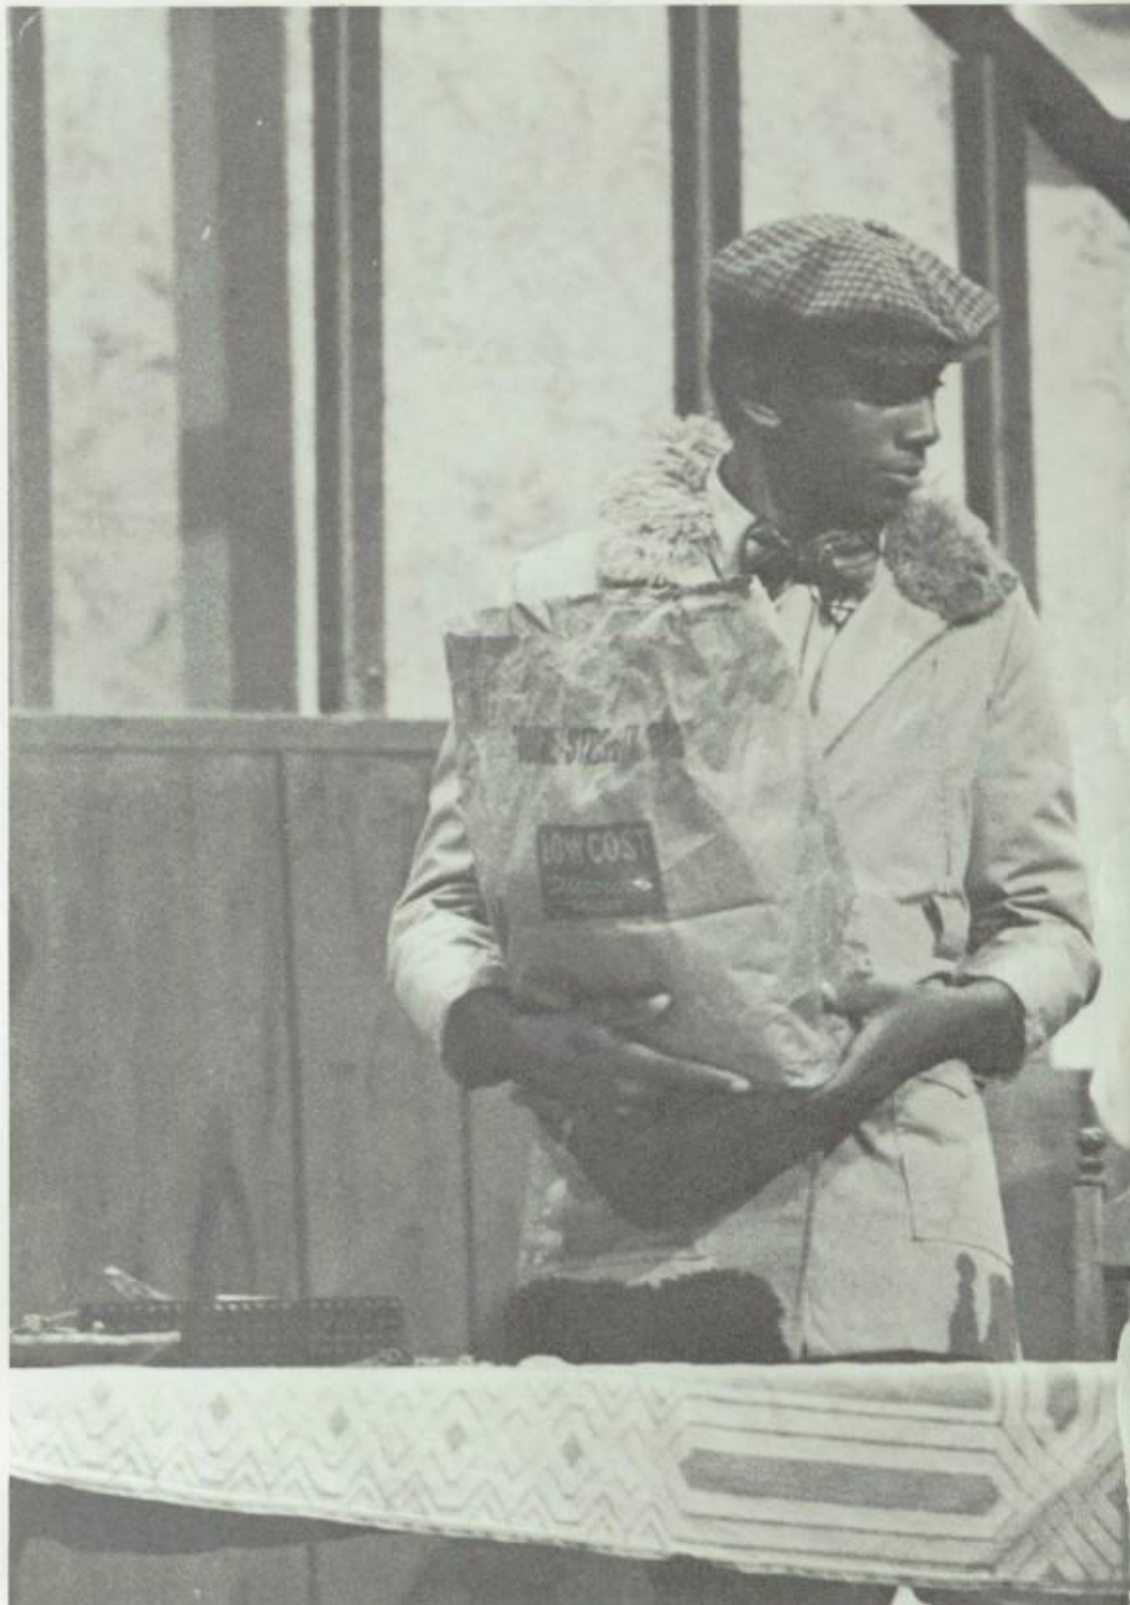

Incredible

Industrial arts presents a more practical attitude as its students work with wood, metal, motors and drafting boards. The domestic arts, represented by home economics exposed

Incredible

young people to
kitchens, sewing
machines and child
development lab.

Incredible.

Now, across this
perpendicular hall, we
enter the world of the
jocks: the gymnasium,
and its corollary the
playing fields which
form the eastern
boundary of our
school. The physical
education department
assures our people of
sound bodies as we
continue to shape
their minds.

Incredible.

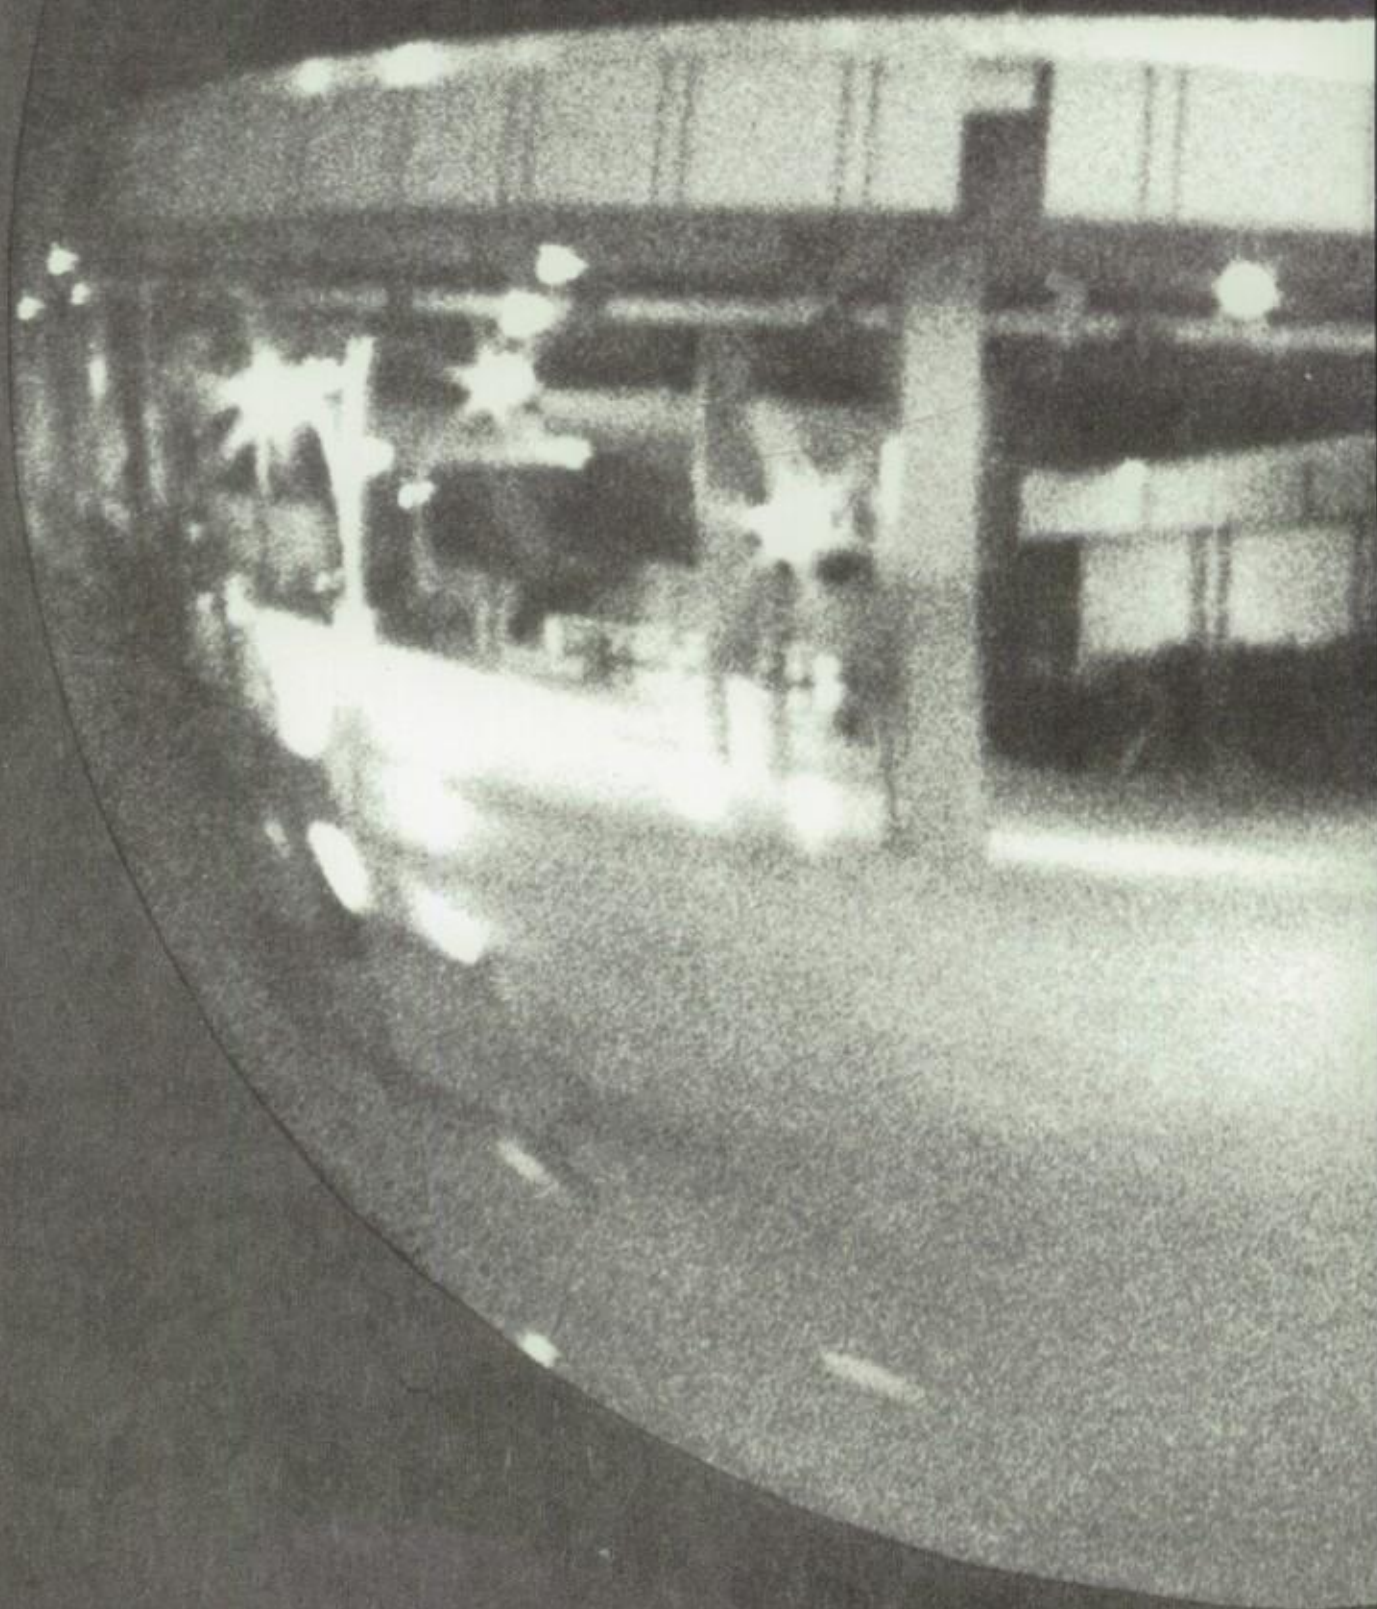

As we exit the south
end of the gym, only
two doors remain to
complete our tour.
The one to the left
goes into the
warehouse from which
our custodians work
to keep our rooms
clean and our grounds
attractive. The door to
the right leads to the
cafeteria that feeds
our youngsters a
wholesome meal daily.

Incredible.

This concludes the
formal tour of our
physical facilities, but
this is only the
beginning of the
Incredible Maryvale
High School Tour.
Luckily, we have
another 237 pages for
the rest

Panther Band provides music and marching

David Sawyer, drum major, directs the Panther Band during a pregame show (upper left). The band applauds as they watch a visiting band perform (top center). The marchers come off the field after a halftime show (lower left). Majorette Leslie Cannon kneels while the band forms a tunnel for the football team to run through (bottom center). The Maryvale percussion section keeps the beat as the Panthers march in the Homecoming parade.

Costumes and balloons liven up lunch hours

To alleviate the tedium of everyday classes, students siezed the opportunities provided by Halloween and Homecoming Week to dress up strangely and wear silly hats.

Art Club and Maryvale win at Homecoming

The art club float (upper right) received first place and the senior class float (upper left) was runner up in the float contest. The homecoming theme was cities of the world. One girl (lower left) dressed Japanese for dress up day. The band marched and played in the Homecoming Parade (lower right). Homecoming ended with a Maryvale football victory of 53-6.

These are various members of Maryvale's drama department displaying their talent in the fall and winter productions of "You Can't Take It With You" and "Little Mary Sunshine".

Thespians show talent in dramas

The drama departments first production of the year was "You Can't Take It With You", the story of a carefree family who's goal in life is to have a good time.

The family is headed by the grandfather (Tom Schermitzler) whose hobbies are raising snakes and going to commencement exercises.

The mother (Roxie Leighty), who enjoyed "painting" and "play writing", and the father (Steve Hall), who blew up the basement while making firecrackers, spent most of the time worrying about their daughter Alice (Tammy Kerr) who was marrying into a very wealthy family. If this sounds confusing you are right, it was.

Dances major escape for Panther students

Resting students (upper left) watch dancers from the balcony. Students dance at the Christmas formal (top center). Attendance was high at the after game dances (bottom center). Andrea Wooten and her date dance at the Christmas Formal (bottom right).

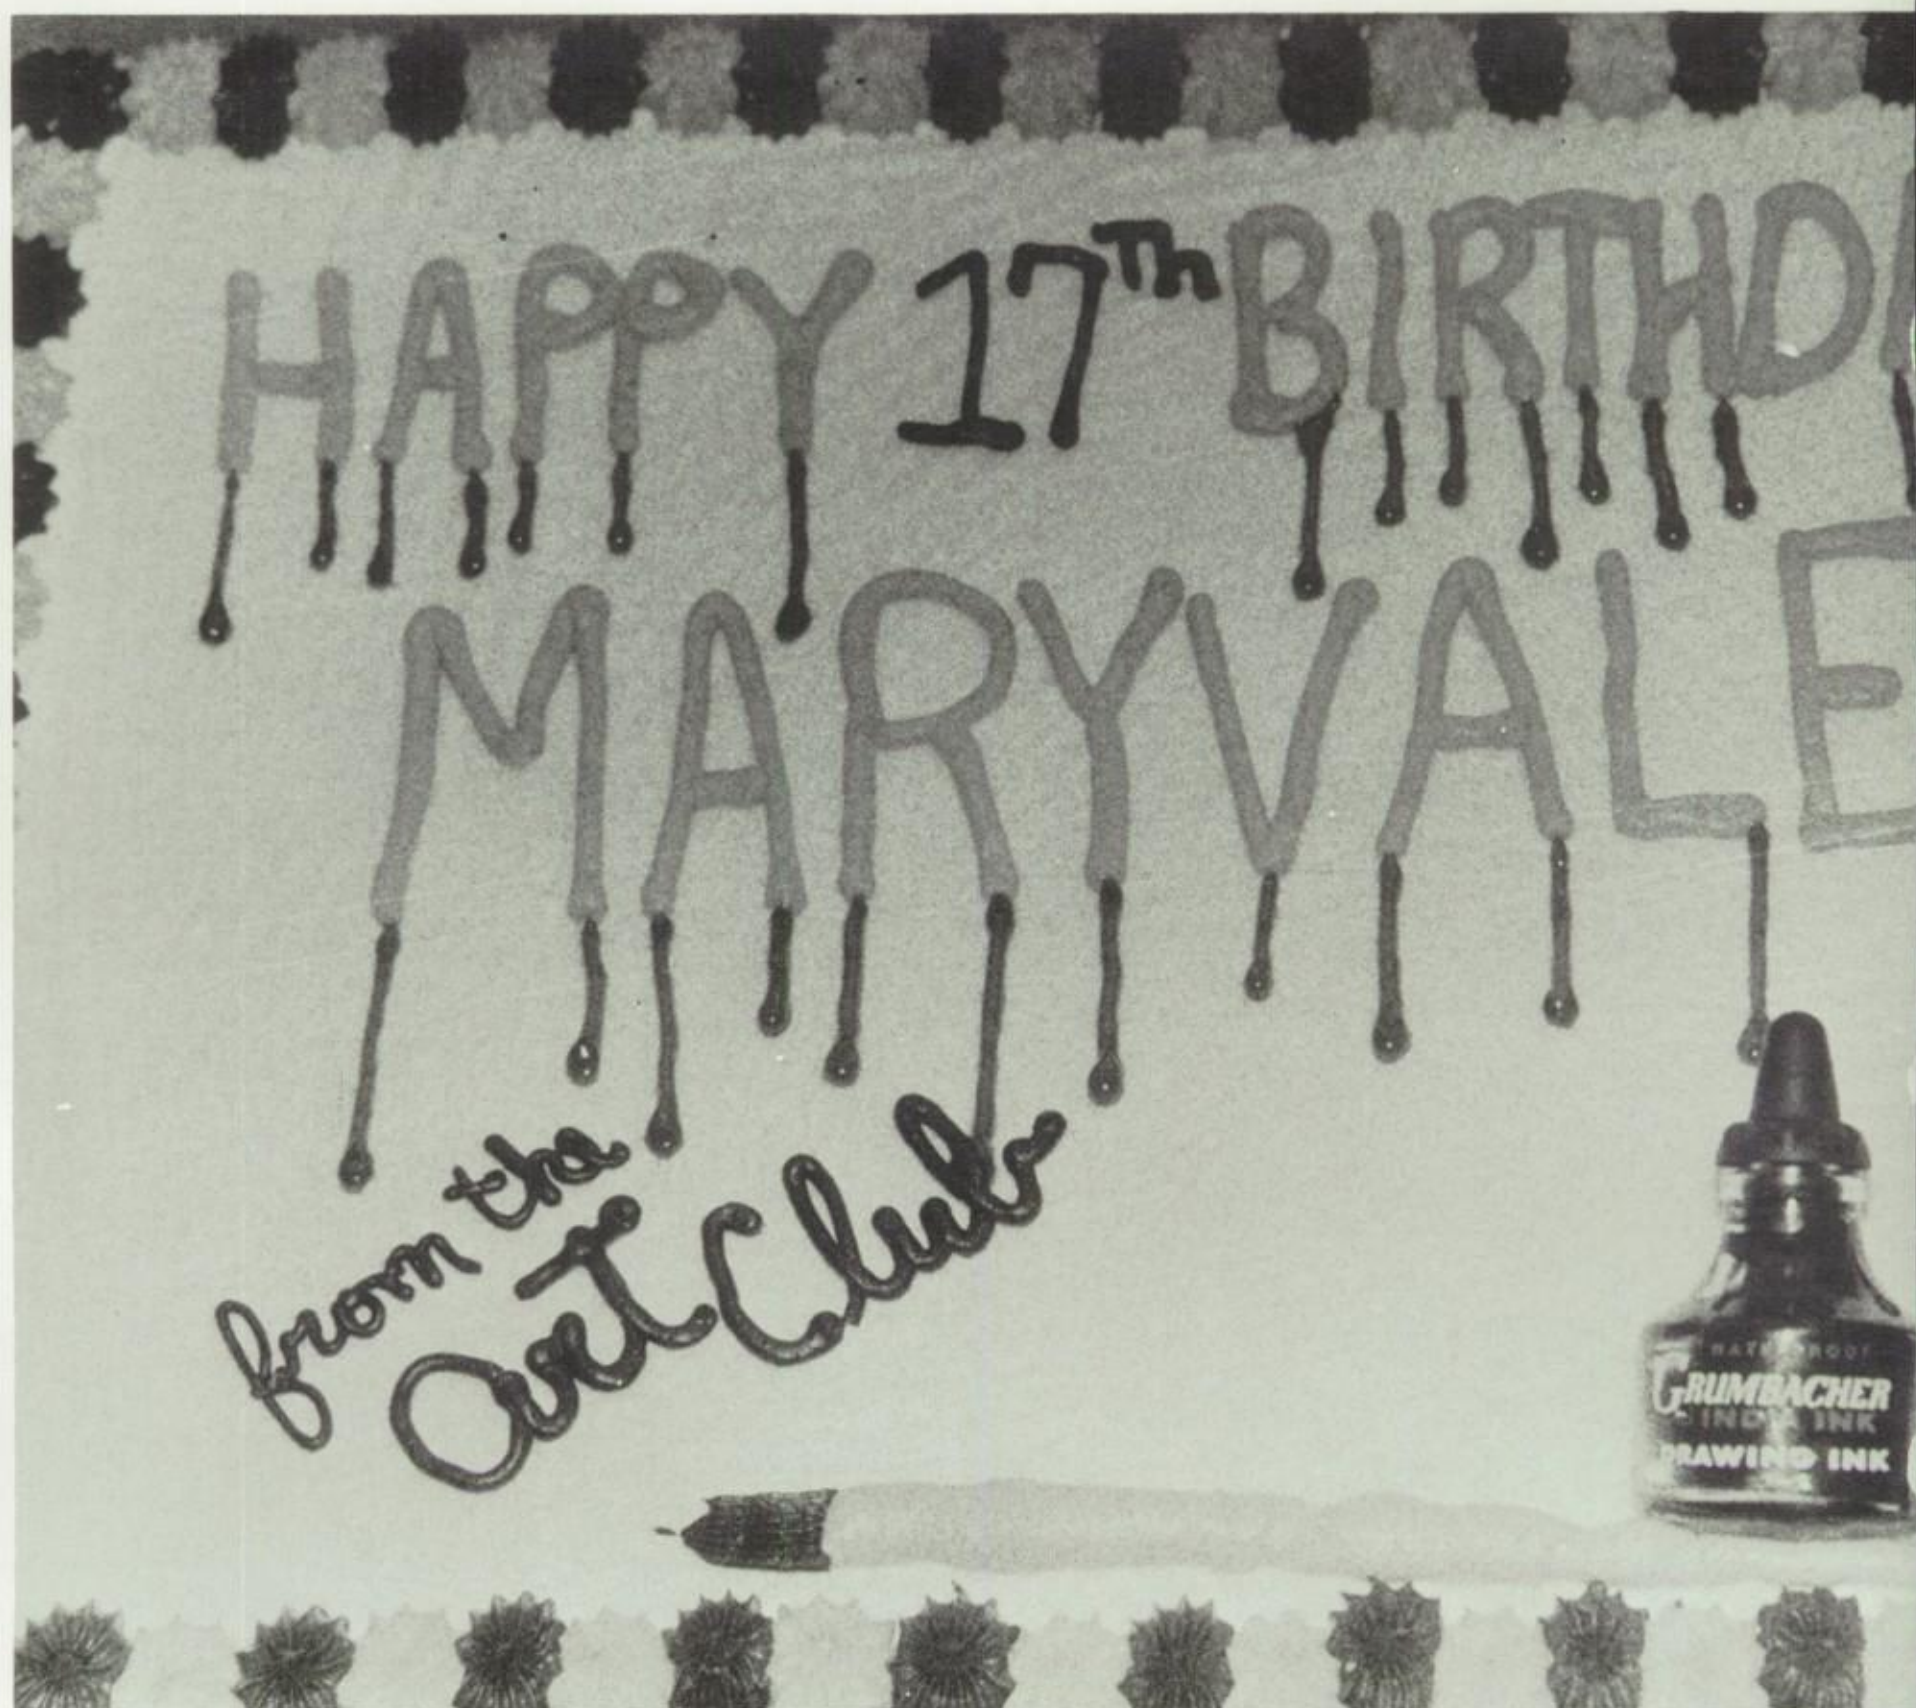

Assembly brings Navy Band to play for class

A member of the United States Navy Band serenades an embarrassed student. (upper left). Mr. Jacobsen's and Mr. McBroom's classes file into the auditorium for one of the many double assemblies (lower left). The Navy Band performs while students listen (top center). Mr. Yule takes roll at an assembly (bottom center).

Memorial service for Mr. Myers saddens birthday celebration

The day started like any other of Maryvale's birthdays. The cakes were brought in, judged and eaten. School was dismissed early so that students might attend the usual movie to celebrate the seventeenth anniversary of the day Maryvale moved.

After the celebrations and students had left, a memorial service was held for Mr. Elzie Myers, who was associate principal at Maryvale when it opened. He was eulogized by former Governor Howard Pyle, former Maryvale Principal L.E. Burnett and by his son, John.

Mr. Elzie Myers

Carter inspires cadets to gain superior rating

Under the command of Major Joseph Carter, ROTC made a dramatic turnaround this year. At the inspection, the Drill Team (far left) performed to the delight of spectators and inspectors alike. A member of the inspection team, Captain Phil Mayer, (left) gives the troops the eagle eyes. Mrs. Patrick (far lower left and below) presented the corps with an award for their help at Gompers Center. The proud commanders (lower left) watch as the corps passes in review.

New government sponsor sits on telephone book

The student government sponsors played musical chairs this year. When Dorann Thoreen, an English teacher, moved into administration, she left the sponsorship of student government to Wayne Kindall, an administrator who moved back to English teaching.

Sound confusing? Maybe, but student government, under the leadership of President Steve Young, did not let it affect their performance.

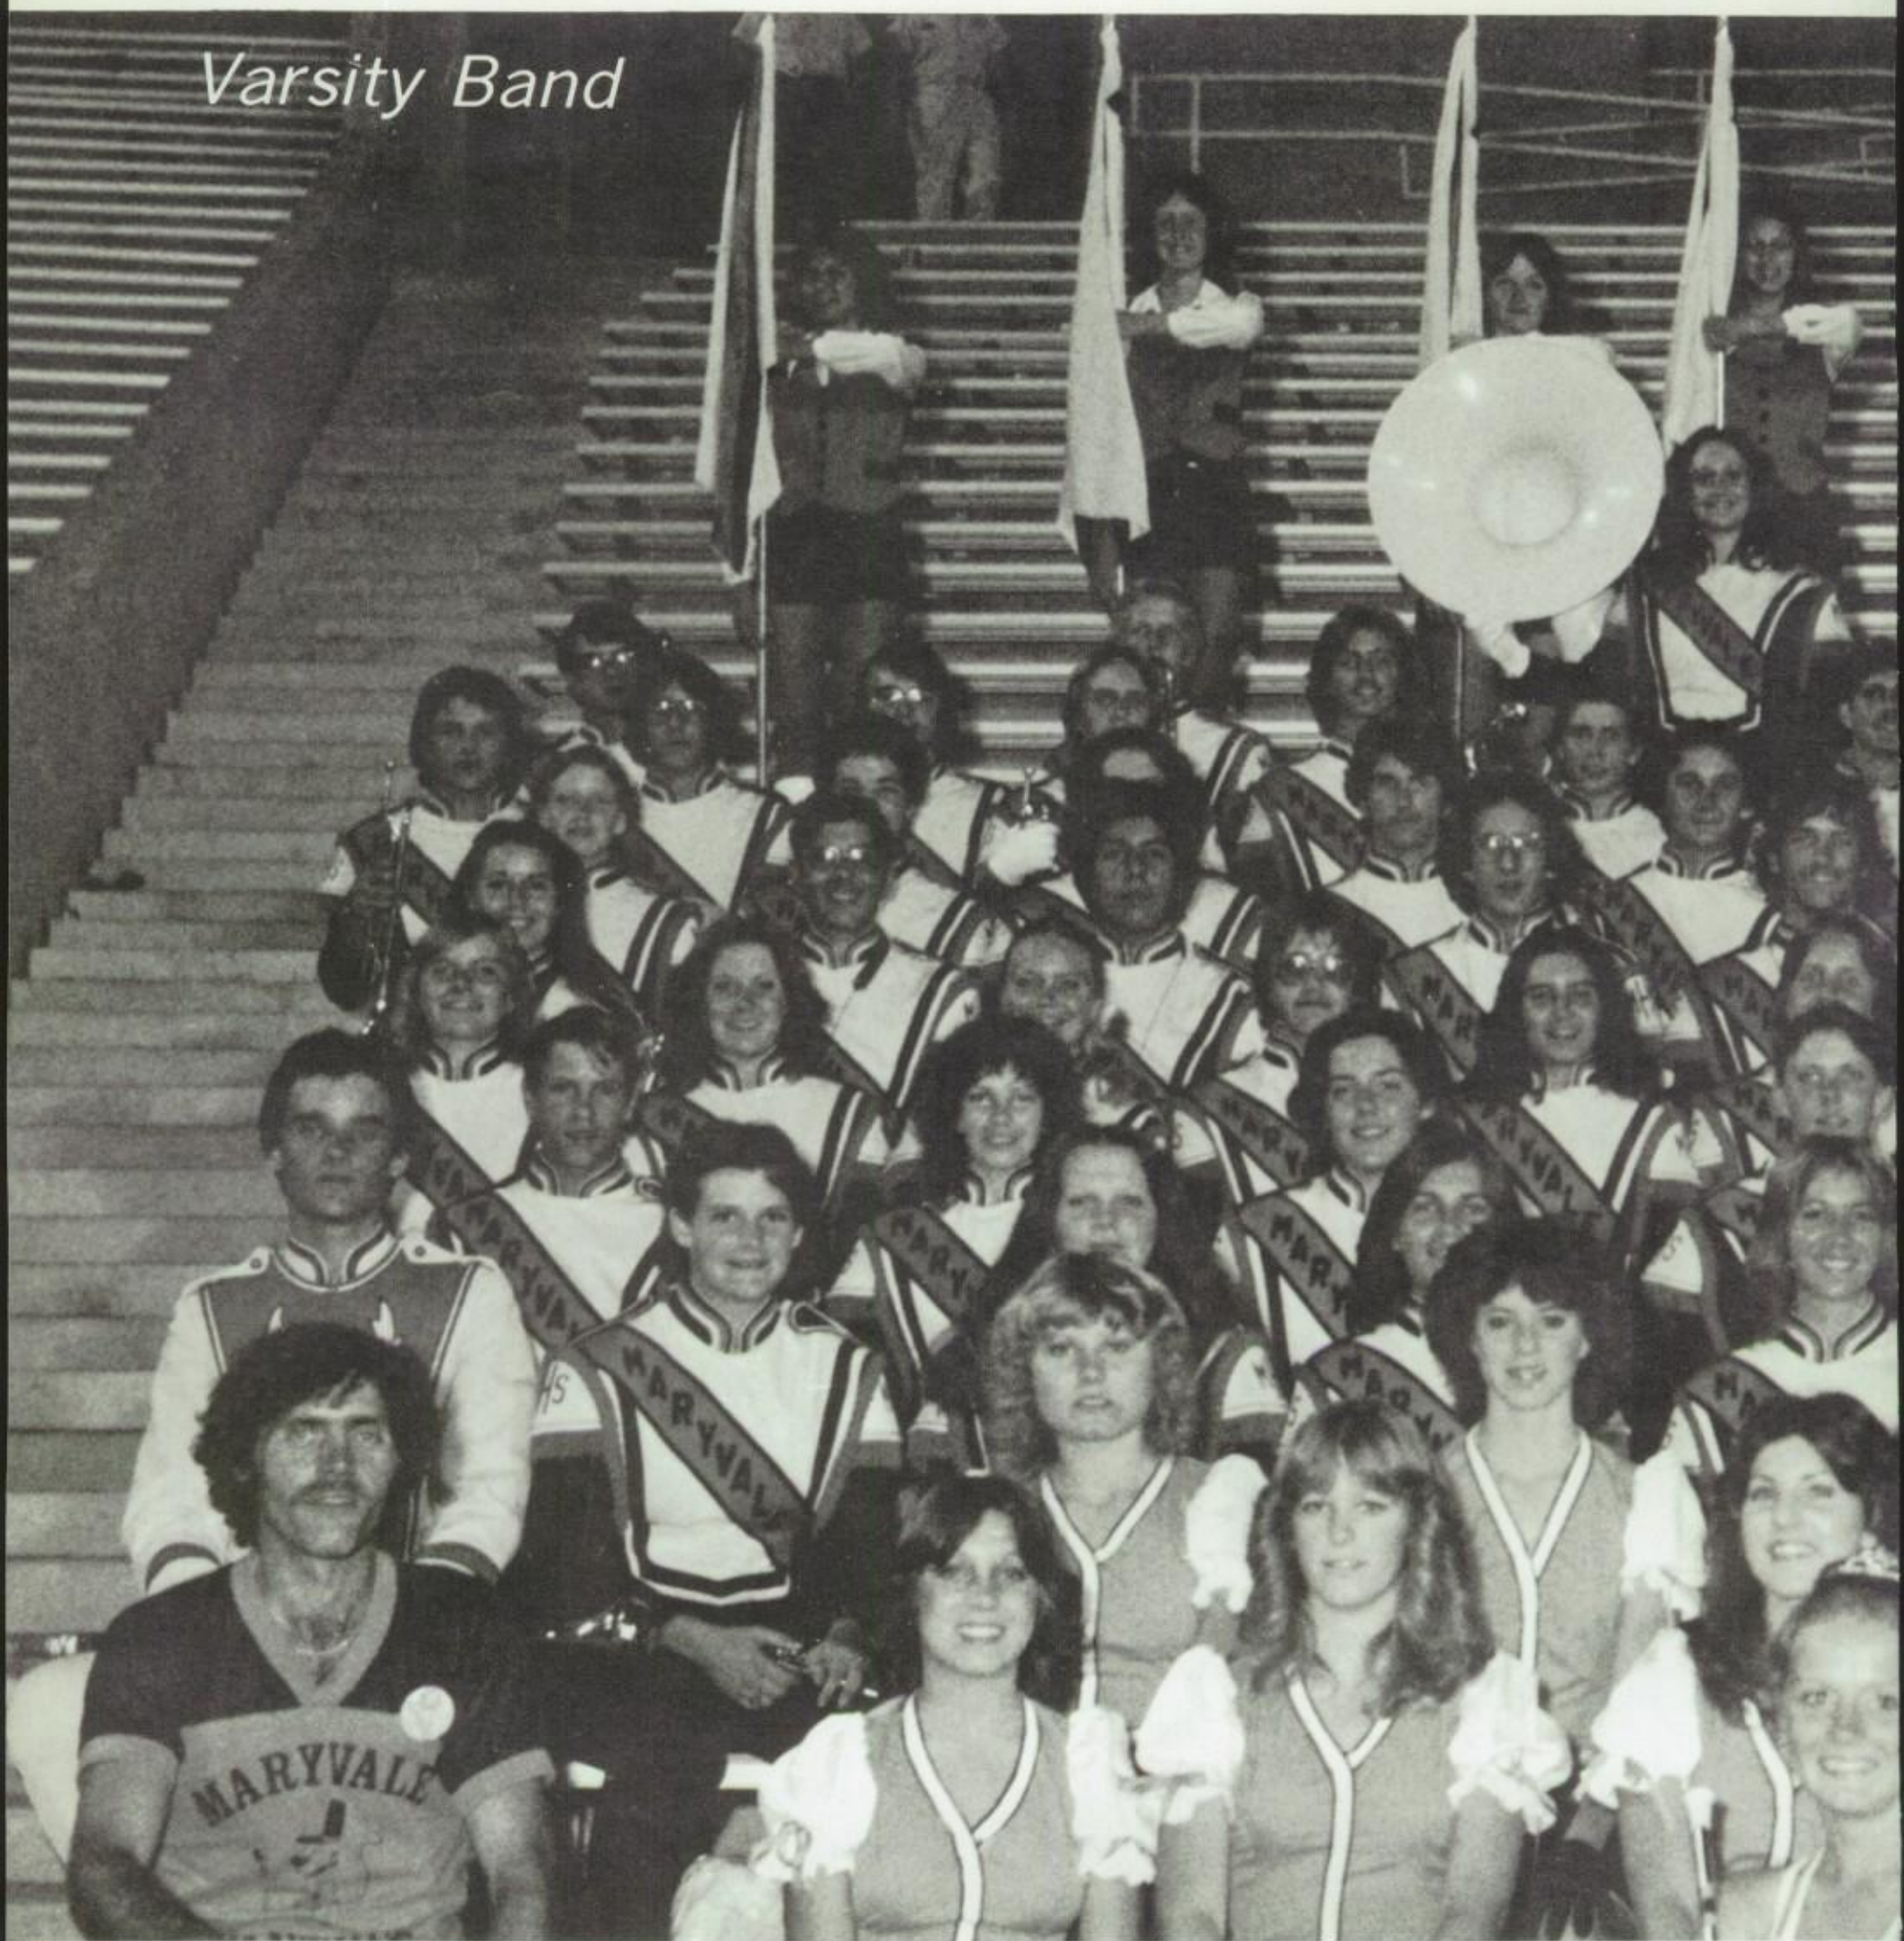

Charged with the responsibility of planning all student activities, government staged a successful Homecoming and led the canned food drive as part of Christmas week.

Bankruptcy besets annual staff

The 1980 Panthorian staff was plagued with many problems, not the least of which were financial. The staff found many hidden costs involved in making a yearbook.

The GNP was down this year and inflation was up. Essential yearbook materials had gone up in price. Items such as doughnuts, hamburgers and pizzas now became so expensive that Editor Steve Carroll was forced to take a menial job and work long hours to make ends meet at deadlines.

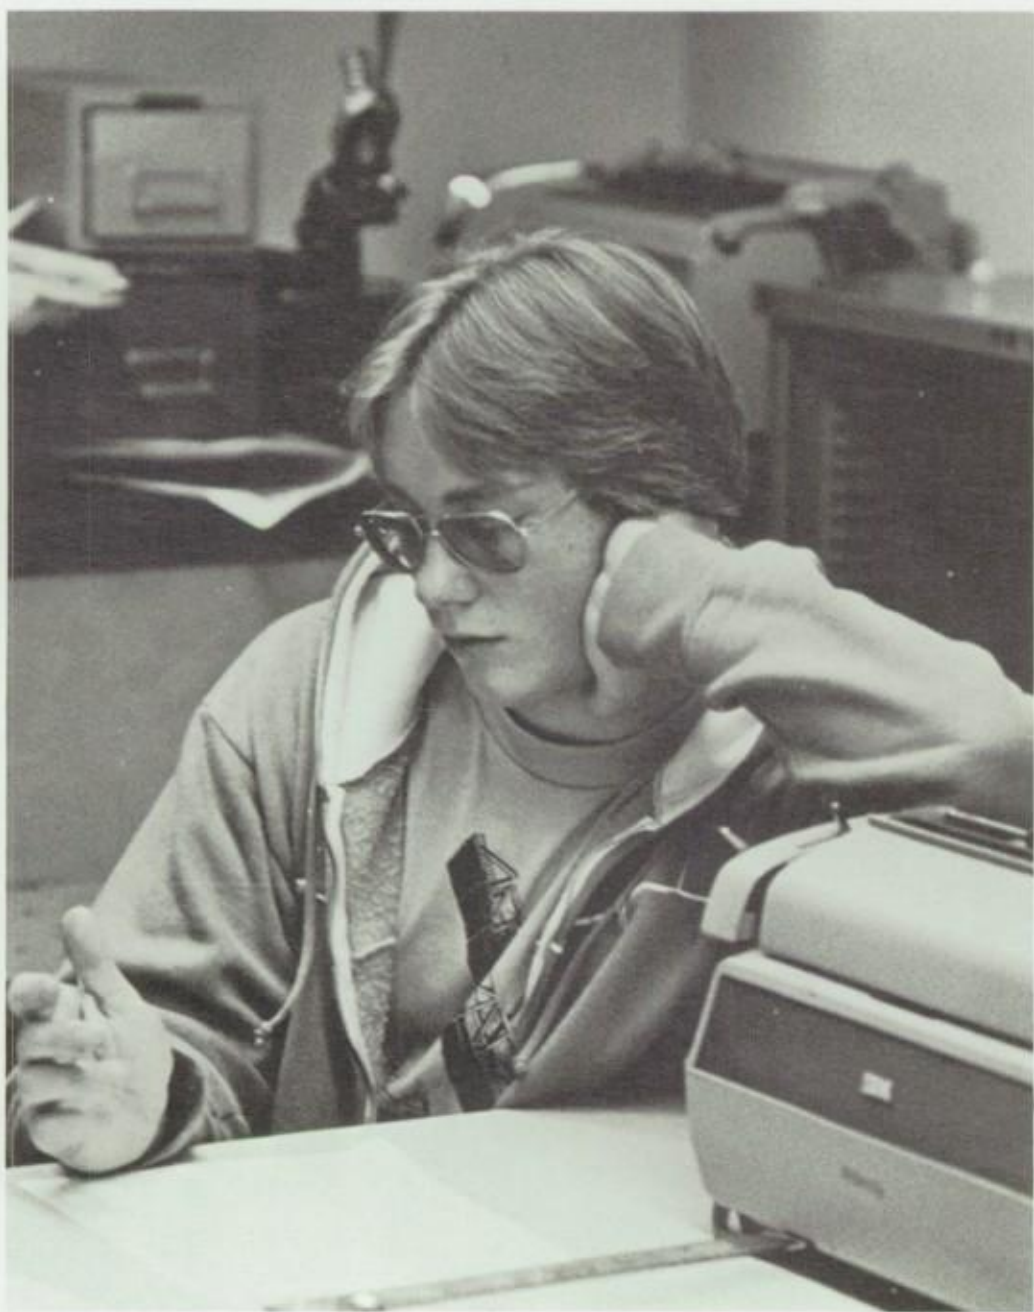

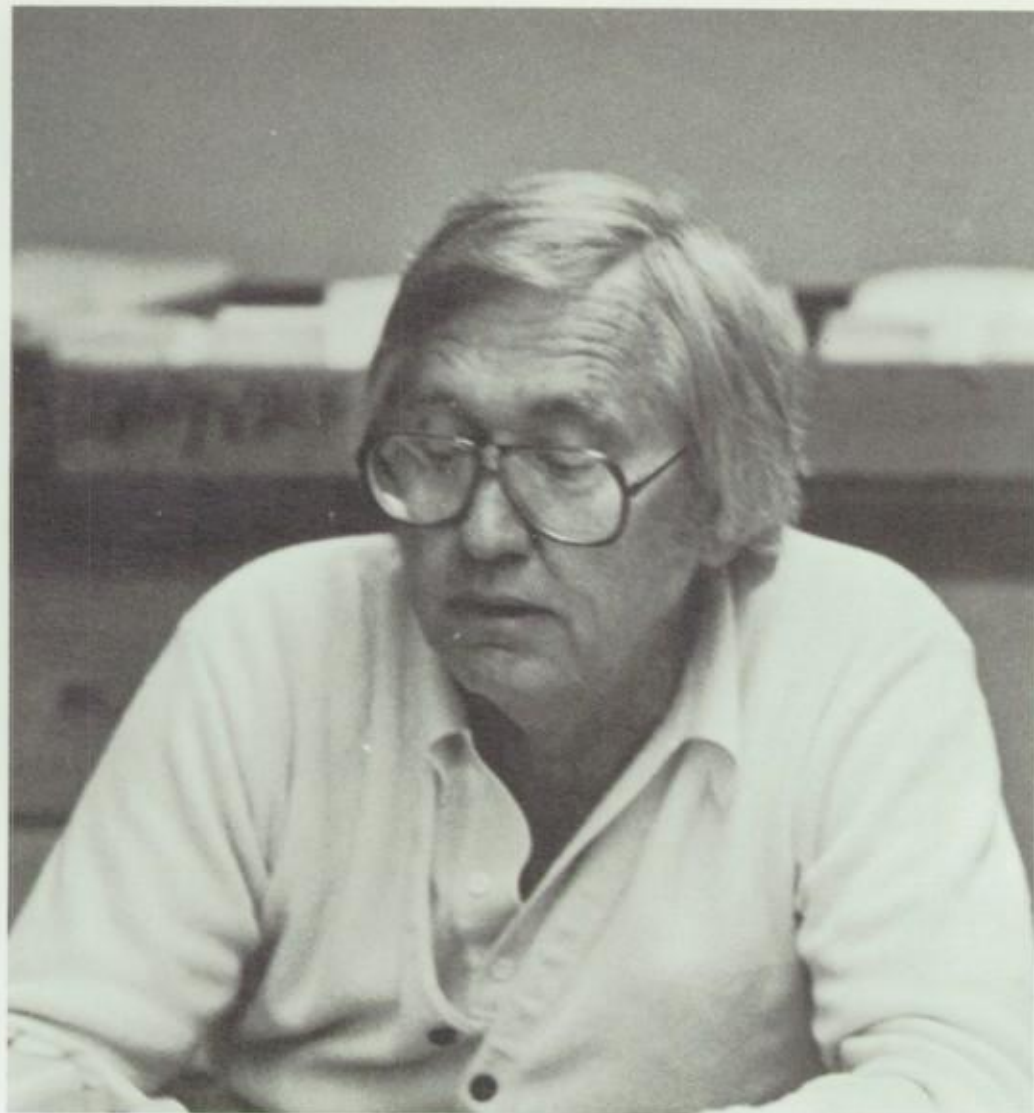

Co-editor and Photographer

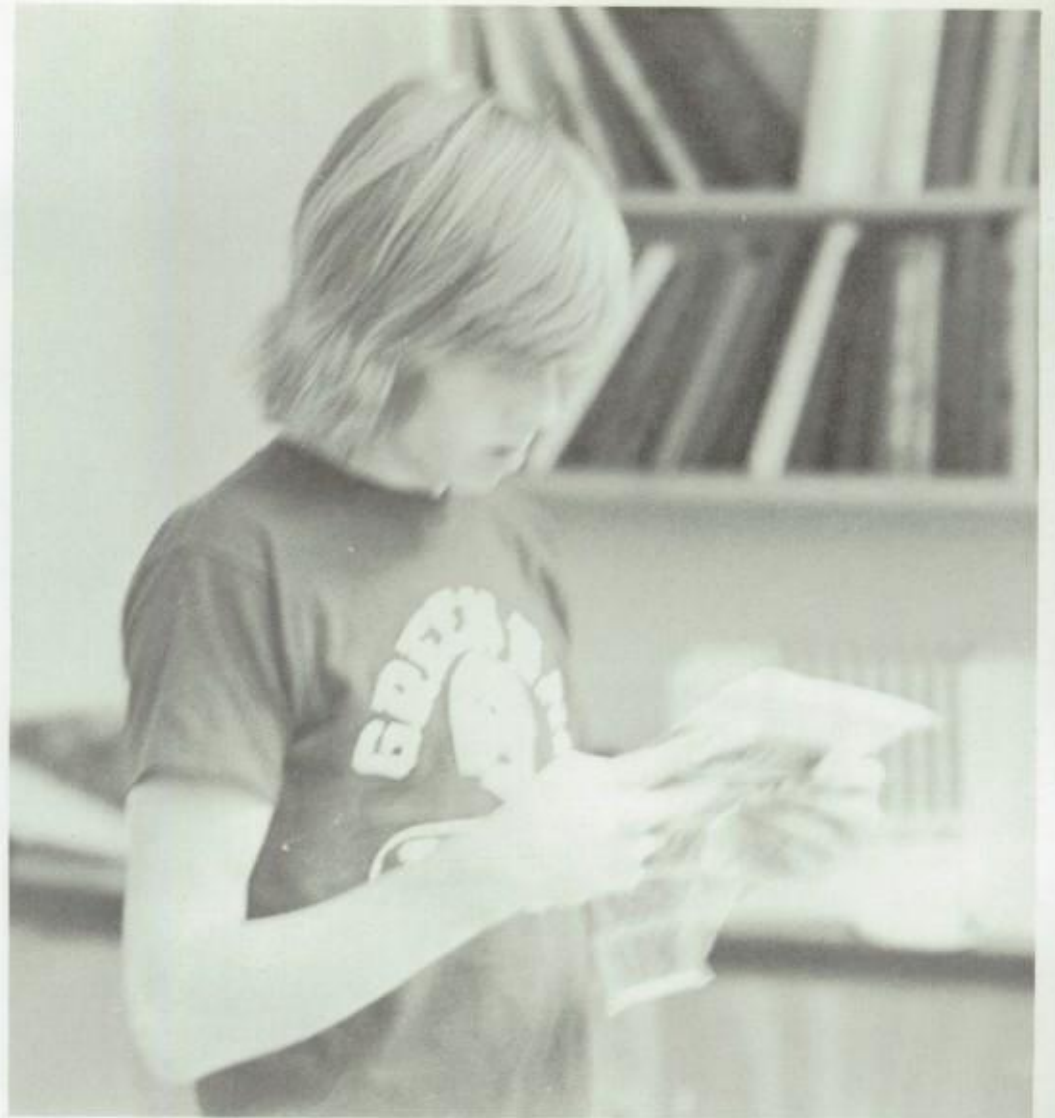

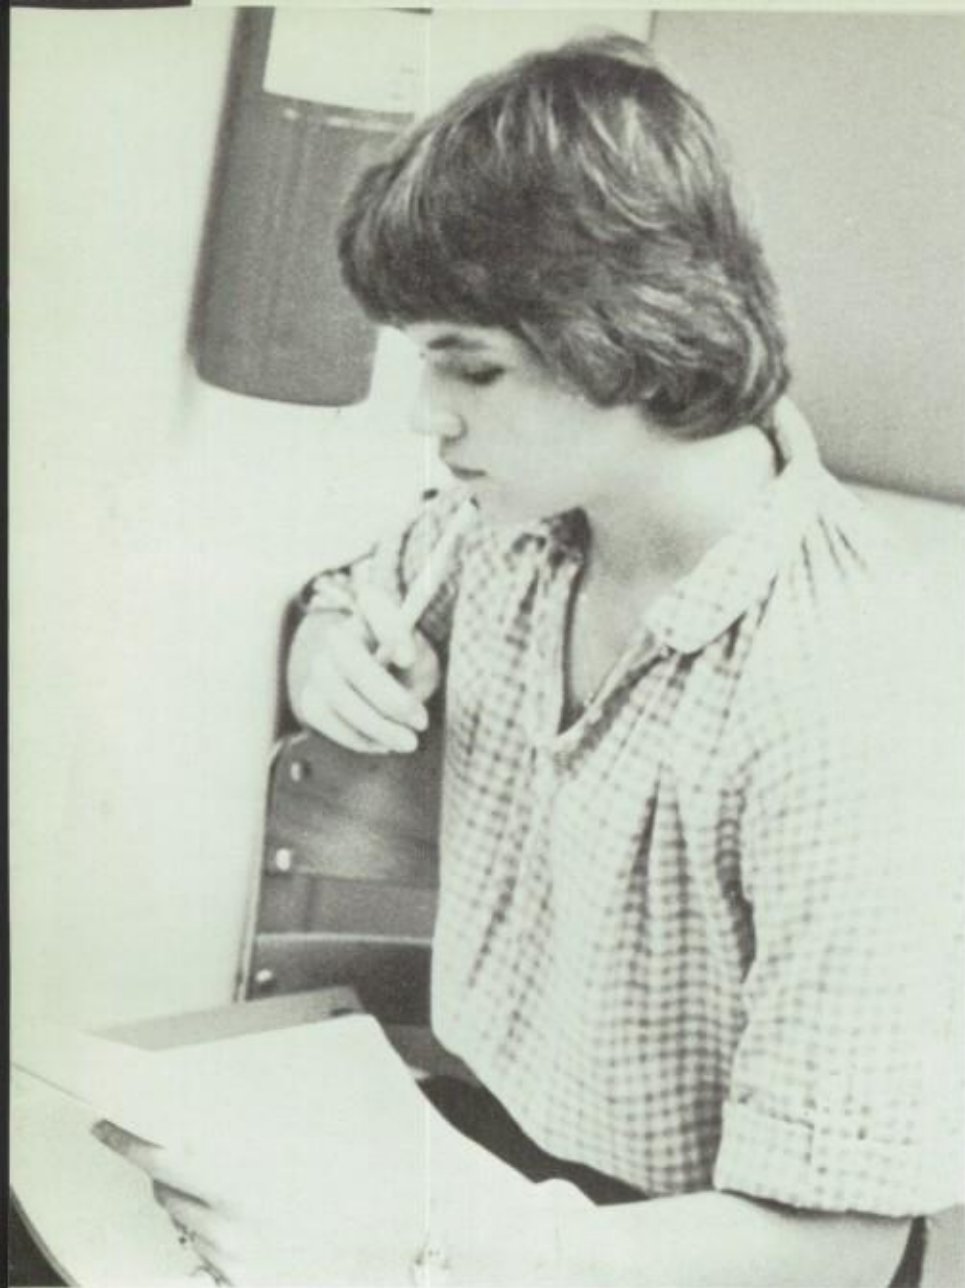

Dennis Goodman became adept at the art of making long term loans at low interest rates. Other staffers were also teetering on the brink of bankruptcy. After the first deadline Assistant Co-editor Gil Leighty with a severely depleted bank account led a staff revolt taking over the darkroom and demanding minimum wage.

By this time Earl Stinson, the advisor, had made a massive kill in the gold market selling the fillings in his teeth in preparation for the next deadline. With shrewd financial dealings the staff was able to weather the remainder of the year.

YEARBOOK STAFF:

Dennis Goodman, Detta Hurlbert, Jim Peot, Calyanna Crull, Sandie Yates, Jo Anne Martin, Gil Leighty, Laura Dameron, Cynthia Wilson, Anita Walls, Steve Carroll, Erick Valkingburg, Janette Saladin, Sherry Resel, Peter Gordecki. Worried that his picture would not be in the yearbook, Advisor Earl Stinson (upper right) cross checks the faculty photos. Assistant to the editor's co-editor Gil Leighty (top center) has important jobs like keeping his shoes tied and rearranging the desks in the classroom. The staff's executive housekeeper, sometimes referred to as the live-in maid, Mrs. Mabel Morrison spent most of her time emptying the trash in the darkroom. Busy was Editor Steve Carroll's (bottom center) favorite word. Here he is shown asleep in mid-sentence.

NEWSPAPER STAFF: Brian Eccles, Detta Hurlbert, Kim Wilke, Gil Leighty, Kelly Garcia, Denise Grant, Dennis Goodman, Jim Peot, Karen Jacobsen, Steve Carroll, Jenny Marks, Barb Ohton. In case of a sudden blaze Detta Hurlbert (upper right) was posted at the fire extinguisher where she tried to be creative. Jim Peot (top center) searched for just the right picture for the front page. It was never found. Looking through Karen's desk for the lost copy, which was never found, Advisor Earl Stinson (lower left) contemplates mass murder. Editor Karen Jacobsen (bottom center) is quite surprised the one time she found the staff working.

Tracks Staff sets new standards

Under the inspired leadership of Editor Karen Jacobsen, Panther Tracks set new standards of journalism. Unfortunately, the standards were sensationally low.

In a year when Iran grabbed the American Embassy, the newspaper covered such vital issues as the construction of a 105 foot straw.

When violence was rampant in

the neighborhood, Panther Tracks gave 20 inches of front page space to a blood drive. The story was headlined "Blood drive visits for blood."

Most of the staffs creativity was manifested in spelling such words as "assembly."

Other examples of creativity showed up in the issues which the staff pasted up.

Of course, not all of the paper was bad. Some of it was worse. Take Steve Carroll's columns. Please.

The staff was fortunate enough to have three photographers: Jim Peot, Brian Eccles, and Dennis Goodman. That is one more photographer than there were photographs in the paper all year.

Cheerleaders excite; enthuse Panther fans

The Maryvale Cheerleaders started off the season in good spirits spreading their enthusiasm around the campus. They have the job of keeping spirit high at both pep assemblies and games. When the crowd starts to get too despondent, the cheers did what they could to build confidence back up.

Other than practicing every night they did a lot of other work during the week. They put up signs to make sure everyone knew about the game. They also encouraged the team and made sure the players knew that everyone was supporting them. This year's varsity and JV cheers really lived up to their names. They never let spirit go down when things went wrong. Instead, they were always right behind the team.

activity that they participated in. They kept busy with all of their practices and performances, but it was well worth it. They have had many fundraising projects this year including participating in the Band Play-a-thon and having a quilt raffle. They are planning on joining the band this summer in California to give performances at Disneyland, Sea World, and Magic Mountain.

Time, luck leave Panthers in semis

The Panther football season ended on a familiar note this year. In the final moments of the semi-finals in the playoffs for the state championships, their luck ran out.

They started the season with a loss to last year's state champs: Mountain View. The Toros scored in the last few minutes to defeat the Panthers, 12-7.

The first home game was against Camelback and the

Panthers had revenge on their minds. The Spartans had won last years game. When the smoke had cleared, the vengeance was complete, 34-0.

Senior Jonas Rosenthal furnished enough offense, two touchdowns, to allow the tough Maryvale defense to defeat Carl Hayden, 14-0.

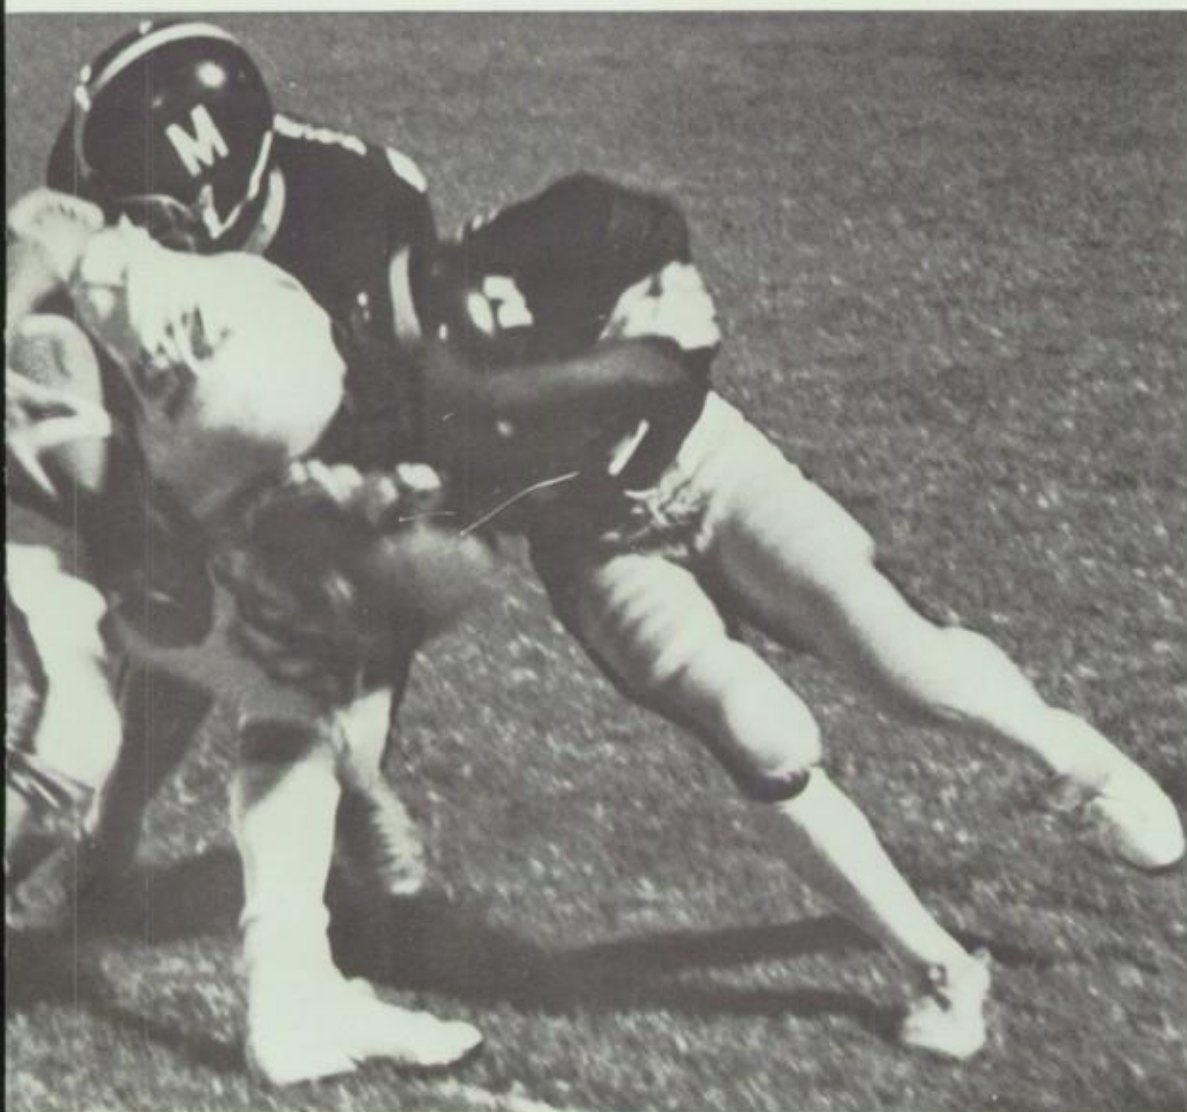

One of the biggest games of the season was played against archrival Trevor Browns in a game that

Cats take Bruins; traveling trophy stays at Maryvale

was played at 4 p.m. The traveling trophy that has never made a trip to Browne still didn't.

Maryvale broke on top with a touchdown in the first quarter, but was not to add points to the scoreboard until Browne had scored three times. Maryvale got its second touchdown in the third quarter to pull to a 14-16 deficit going into the final stanza.

Both teams added touchdowns in the fourth quarter and it took a field goal by Steve Young with four minutes to play to put Maryvale ahead. Micah Williams ended Browne's last drive and the game with an interception. The final score was 24-22.

Quarterback Lyndon Traylor eludes the defense for another first down (above left) as does Pete Nickerson (below left). A Maryvale defender (below right) stops a Trevor Browne pass play. Panthers devour League B rivals

Maryvale then followed form as they defeated Alhambra 14-13 and destroyed East's homecoming 41-0 before bowing to Tempe 7-6.

The outcome of the North game was never in doubt as Maryvale scored touchdown after touchdown to celebrate homecoming with a 53-8 win.

The Cats wrapped up the League B championship with a 48-18 shellacking of South Mountain and a 28-14 over previously unbeaten Central 28-14.

The Class AAA Phoenix Division playoffs began November 16 between Maryvale and Alhambra. The Panthers built up a 14-point lead going into the final quarter. They extended that lead on a safety and a touchdown to beat the lions 30-13.

In the state quarterfinals, the Cats went against Cortez in a game played at Shadow Mountain High School. Micah Williams set up two touchdowns with interceptions and the game was seldom close. Final score 49-0.

Mesa bomb ends dreams of state title

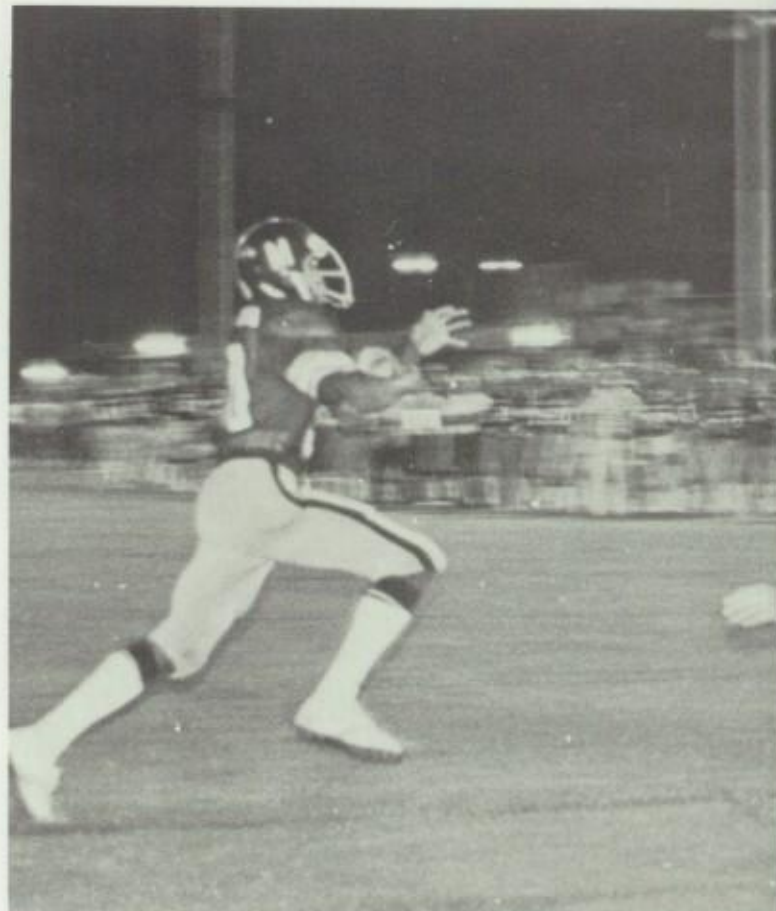

The Panthers faced the Mesa Jackrabbits at ASU. Things went badly from the start as the Panthers fumbled the opening kick off.

Towards the end of the game things were looking up for Maryvale as they maintained their 21-20 lead with 1:12 left in the game. The Jackrabbits were 4 and 32 but had to go for it. A devastating 76 yard touchdown pass followed. So the game and season ended Maryvale-21 and Mesa-27.

The lead scorer of the season was Jonas Rosenthal with 102 points, Petey Nickerson scored 60 points, Mark Harper had 42 and Lyndon Traylor had 30 points.

Steve Young, kicker, had a total of 51 points. Most were from after touchdown kicks.

The season record for the Panthers was 10 wins and 3 defeats.

For the first time in many years, speed was the dominant factor in the outcome of Maryvale's games. Fleet running backs Mark Harper (left) and Pete Nickerson (above right) were aided on offense by the equally fast and sure handed receiver Micah Williams. Mickey Santa Maria (far right) handled punt returns.

Golfers swing to 15-7 year, eighth in State

The Girl's Golf Team finished eighth in the state finals held at the Dobson Ranch Golf Course in Tempe.

Coach Ginny Rote led her charges to a 15-7 dual meet record playing against other teams in the area on a home and away basis.

The team, which played out of Maryvale Golf Course won fourth at the divisional tourney at the Villa De Paz course.

Kathy Neville and Sheryl Fleishhacker, the team leaders, finished in the top ten medalists in the divisional tournament.

Volleyballers take League

The varsity volleyball team enjoyed an outstanding season with a total season record of 17 wins, four losses, and a Phoenix Division Championship.

The team was, in coach Bev Bostrom's opinion, the best Maryvale has had. Their regular season record was eleven wins out of twelve matches. The loss was to Alhambra in their very first match. From then it was all uphill, winning the rest of their matches, including a crushing victory over arch-rival Trevor Browne. The Panthers took the League B Championship by beating previously undefeated South Mountain in a tough match.

The Panthers also participated in the Arcadia Invitational Tournament on September 29, where they took third place and picked up 3 wins and 2 losses.

They went undefeated in Division, first beating Browne, 15-3, 15-3, and then

Central, 15-9, 16-4. The Panthers beat Camelback in a close and exciting match, winning the first game 15-9, but lost the second 4-15. The team was able to put it back together though, to win Division after reaching game point three times, by a score of 16-14.

Carolyn Schuster named to All-State volleyball group

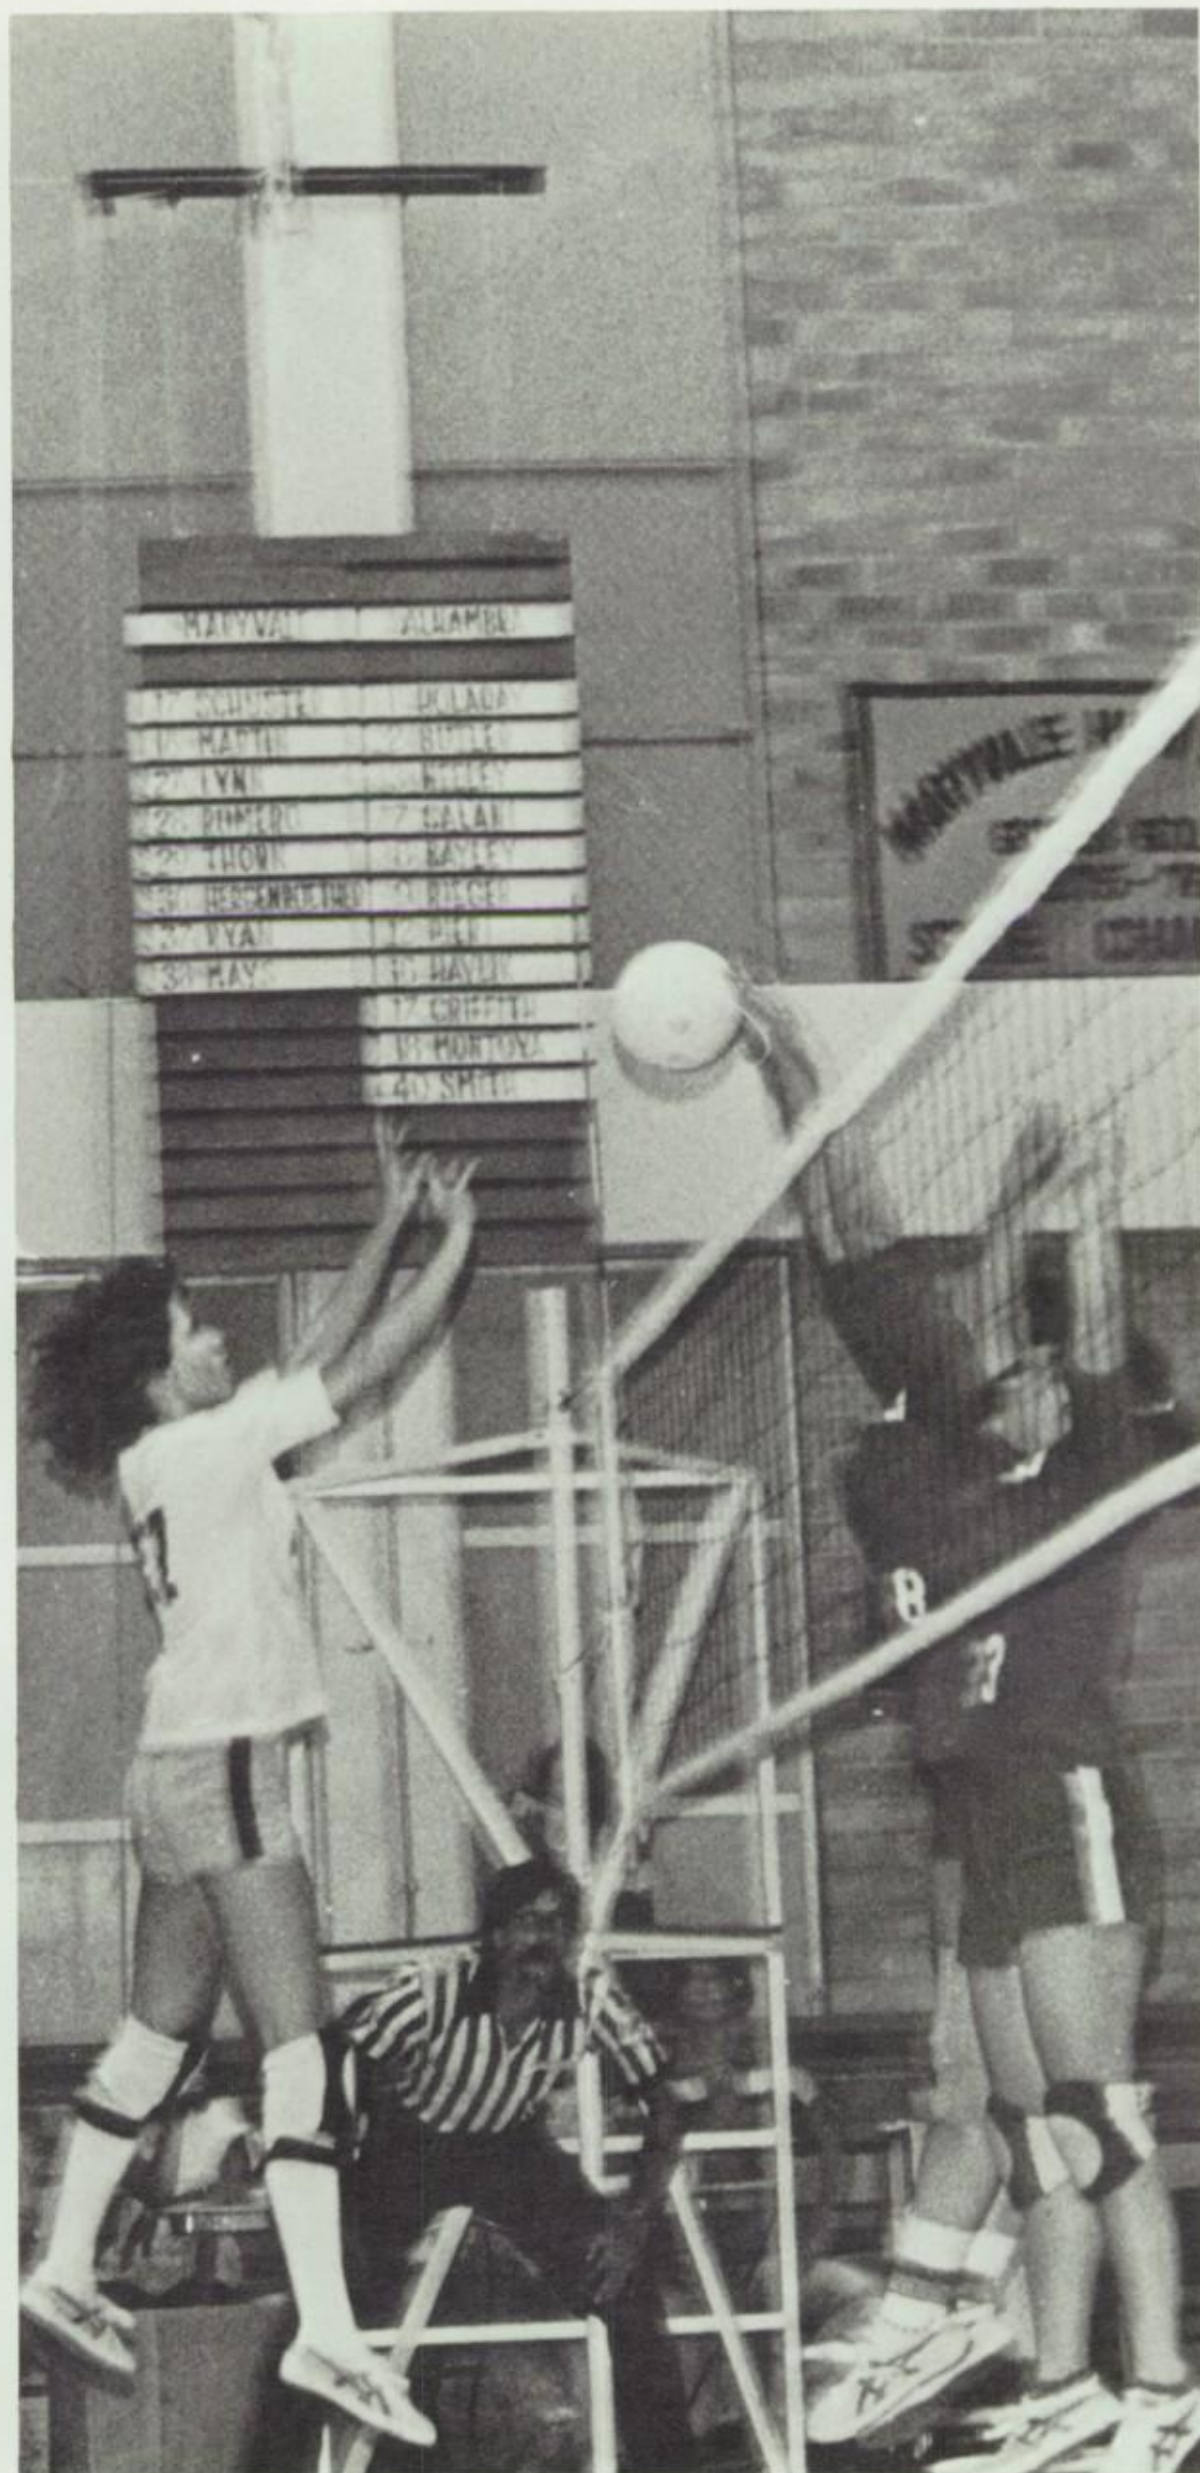

Seniors Theresa Romero and Carolyn Schuster and junior Martha Mays were chosen for the second team, All-Division.

The girls fell to Washington in their first match of State. The Panthers were caught in a slump that allowed them to fall 10 points behind. They fought to bring it back within two but unfortunately Washington again pulled ahead to win it 10-15. Even though Maryvale 1st this first state match, Carolyn Schuster was selected for the first team, All-State.

The JV team also had a good season under coach Mary Pat Waldmann. Their record was eight wins and two losses plus two wins by forfeit, and they were also League B Champs. The freshman team accumulated another winning record of nine wins and two losses. The freshmen team was coached by Miss Linda Grayhack.

Using a forearm pass, Amy Hergenroether (top left) returns the ball. Malta Martin (top center), goes down to dig for a serve receive. Alhambra defenders attempt to block a dink shot by Carolyn Schuster (top right) and a hit by Michele Thorn (bottom left). Carolyn Schuster pounds the ball (bottom right) in a Division match.

The Maryvale boys cross country team ended the season with a record of six wins and six losses. The girls team had a final record of six wins, five losses, and one tie.

Many course records were set by senior Larry Chumley, top boy on his squad. Chestene Ramsey, a junior, is the top girl runner on the team.

Both teams are led by Coach Robert Schuster.

Tony Davis (upper right) also led the Panther fast break while Scott Redfern was a key shooter in clutch situations. Lyle Peck (upper center) was a driving force behind the J.V. team.

'Rookie' Coach Wayne Kindall treated roughly

Wayne Kindall's welcome back to basketball coaching proved to be slightly less than spectacular.

First, one of the local newspapers referred to him as a rookie coach.

Second, although the team was solid enough for ordinary competition, the PUHS 'Superpowers' East, Phoenix Union and South Mountain treated his charges roughly. Even with the rookie charges and a fairly rough season, Mr. Kindall says he prefers coaching to administration.

Miller becomes third principal of Maryvale

Hardly had the year begun when the Maryvale faculty was called together for a "Bad news, Good news" meeting.

The bad news was that David Goodson who had been principal at Maryvale for seven years was being transferred to Camelback. The good news was that his replacement would be George Miller who had been associate principal at Maryvale for six years.

With experience as an associ-

ate principal at Central and Alhambra and his knowledge of the faculty at Maryvale, Mr. Miller took charge on a confident footing. Faculty, students and parents found his low-key approach to problems a refreshing change.

Mr. Miller has for years served the faculty as its resident authority on Arizona history and geography. This has not changed.

Geiler, Thoreen, Ulloa take assistants' jobs

The change in principals was just the beginning as far as the administration at Maryvale was concerned. The faculty had already met Bernard Magnusson at the beginning of the school year. Mr. Ulloa came to Maryvale from South where he had been assistant principal for many years.

At the same, bad-news, good-news meeting about the change of principals, it was an-

nounced that Dorann Thoreen, a long time English teacher at Maryvale would replace Jeanne Schoolland as assistant principal. Mrs. Schoolland became a counselor.

When Mr. Miller became principal his old job as assistant had to be filled. Vae Geiler moved from his job as a counselor to fill that post. The administration at Maryvale was finally set.

Moser brings advertising art to department

The changes in administration were just the tip of the iceberg as Maryvale's curriculum added and subtracted programs, faculty, and equipment.

Threats and/or promises of change were even greater as the district faced a severe money crises. With the addition of Jane Moser to the Art Department came an addition to the course offerings; advertising art. The course is paired with free enterprise in the social studies department and develops skills in working with elements and principles of design and color.

The department hopes to keep its program about the same according to Department Chairman Elizabeth Meineke.

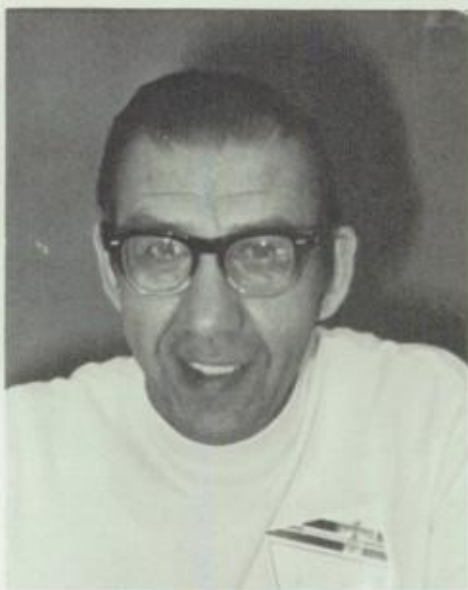

"Each of our teachers has an area of specialization in which they are quite strong. We hope to be able to continue using these teachers in their strengths," she said.

"We are proud of the fact that we have over 60 percent of the students at Maryvale enrolled in business courses which are electives," said Mr. Saban.

Monitoring became a big word in the English Department as Martha Davis from the district office checked up on student progress during this year.

Jim Waugh and Jerry Carlson taught all year in the department as new teachers while Jeanne Rodgers, a first year teacher, made it only to semester break. She was replaced by Joyce Benner, an old hand from West. Mr. Carlson moved to Maryvale from Carl Hayden

"We're to serve those students who like to do things with their hands and enjoy

making and repairing things for themselves," declared Department Chairman John Rebb. "That can help them save some big bucks."

The performing Arts Departments under went the greatest change as far as Personnel was concerned. Department Chairman Rosemary Williams and Music Teacher Al Satina were the only ones returning from last year. Ken Bucy and Kris Engstrand replaced Bob Connolly and Sonya Campbell in band and vocal music. Curtis Miner, a former Maryvale student, and Lorna Moore, Mrs. Rote's daughter, were added to the department as drama and dance teachers.

ESP involves staff in planning for department

Morris came to Maryvale from Camelback to replace Elizabeth Baughn who retired and Sue Hardesty came from West to replace Lee Barclay who moved to Camelback.

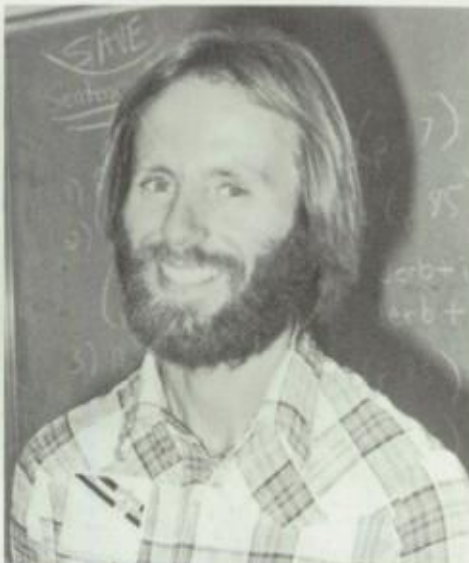

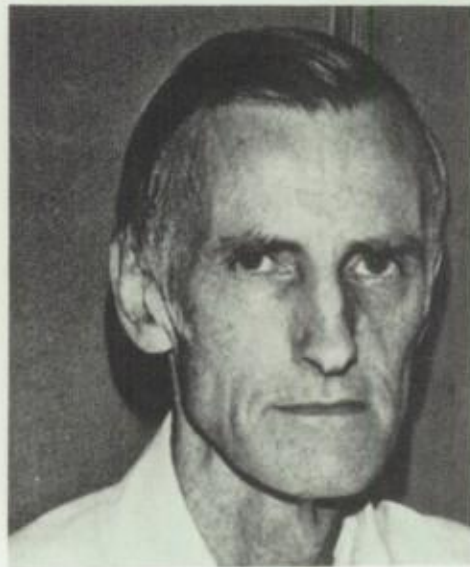

"Anytime you have a change in personnel, you have a change in philosophy and attitude, but the IMC is still the same basic facility," Mr. Morris said.

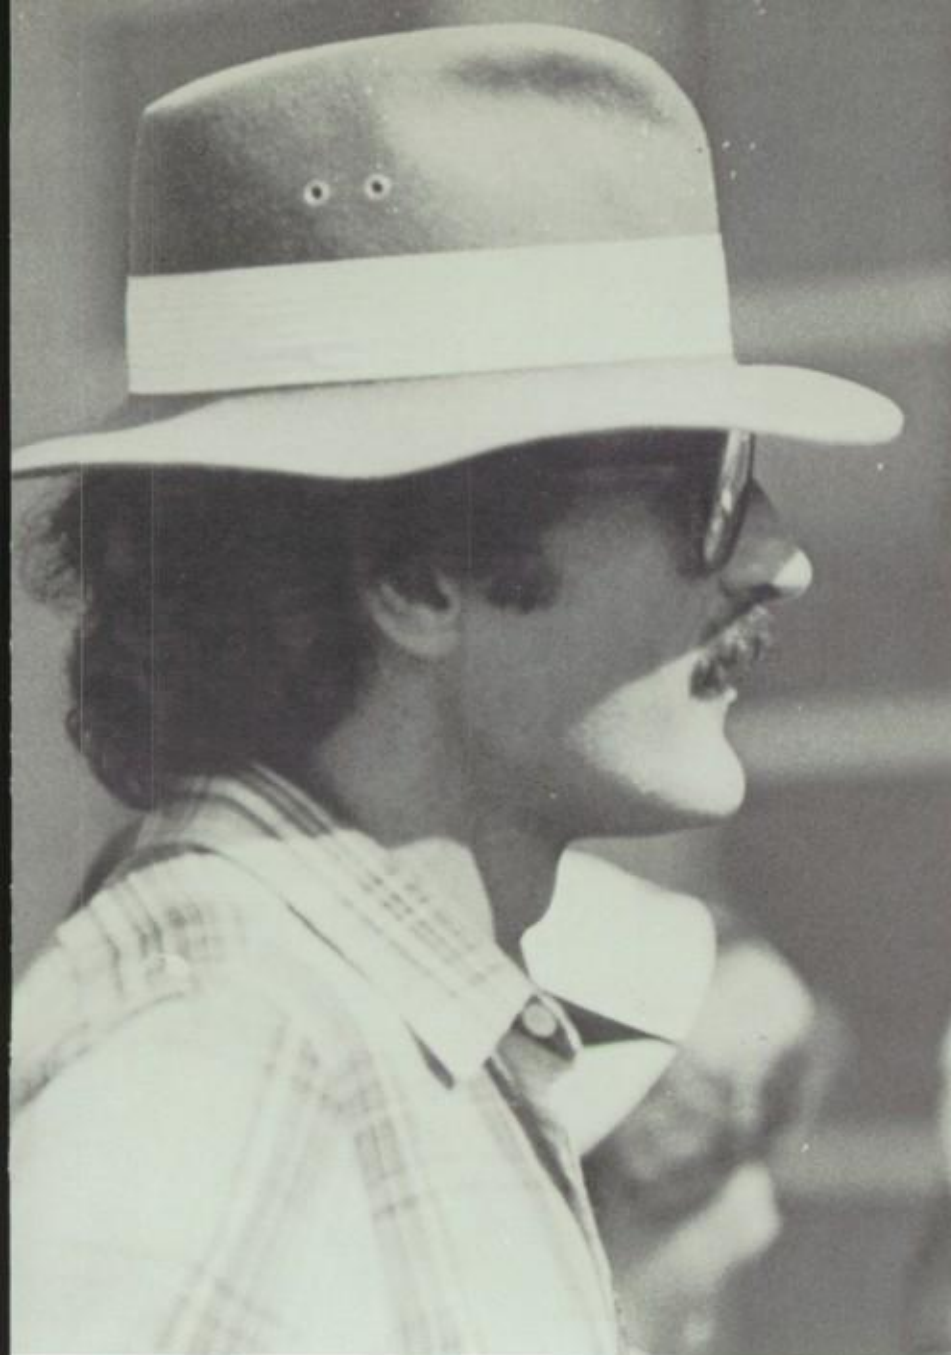

The move of Vae Geiler to administration, early retirement of Frank Fritz due to a crippling eye disease and the serious illness of Bill Stephens which caused him to be absent much of the time caused concern and change in the counseling Department.

Abdul Muhammed and Andrew Matson, new counselors, helped to ease that strain.

TEACHER PANEL: SUE STANFORD, Reading; MACK STANLEY, Social Studies; GEORGE STEINBERGER, Industrial Arts; BARBARA STEPHENS, Mathematics; RICHARD STEPHENS, Mathematics; EARL STINSON, English; JOHN STRICKLAND, Science; NANCY STUART, English; DONALD TACIA, English; CALVIN TENNEY, Art; DOROTHY THOMAS, English; GILBERT TREJO, Physical Education, BILLIE STEVENS, pictured at lower left, was ill much of the year and missed many days from his counseling desk.

Fritz, Geiler cause strains on counseling

Autographs

As I look over the final copy (not really, it's about December right now), I am reminded of a famous quote by Voltaire; "God is a comedian playing to an audience that is afraid to laugh." The meaning of it escapes me right now, but it gives me a chance to thank everyone involved in the production of this veritable "War and Peace" of yearbooks.

Thank you's are owed to Gil

Leighty, staff slave; Dennis Goodman, boy photographer and co-editor; Detta Hurlbert, staff sexpot, and Alison Silbaugh (a non-staffer who really did nothing, except use the phone).

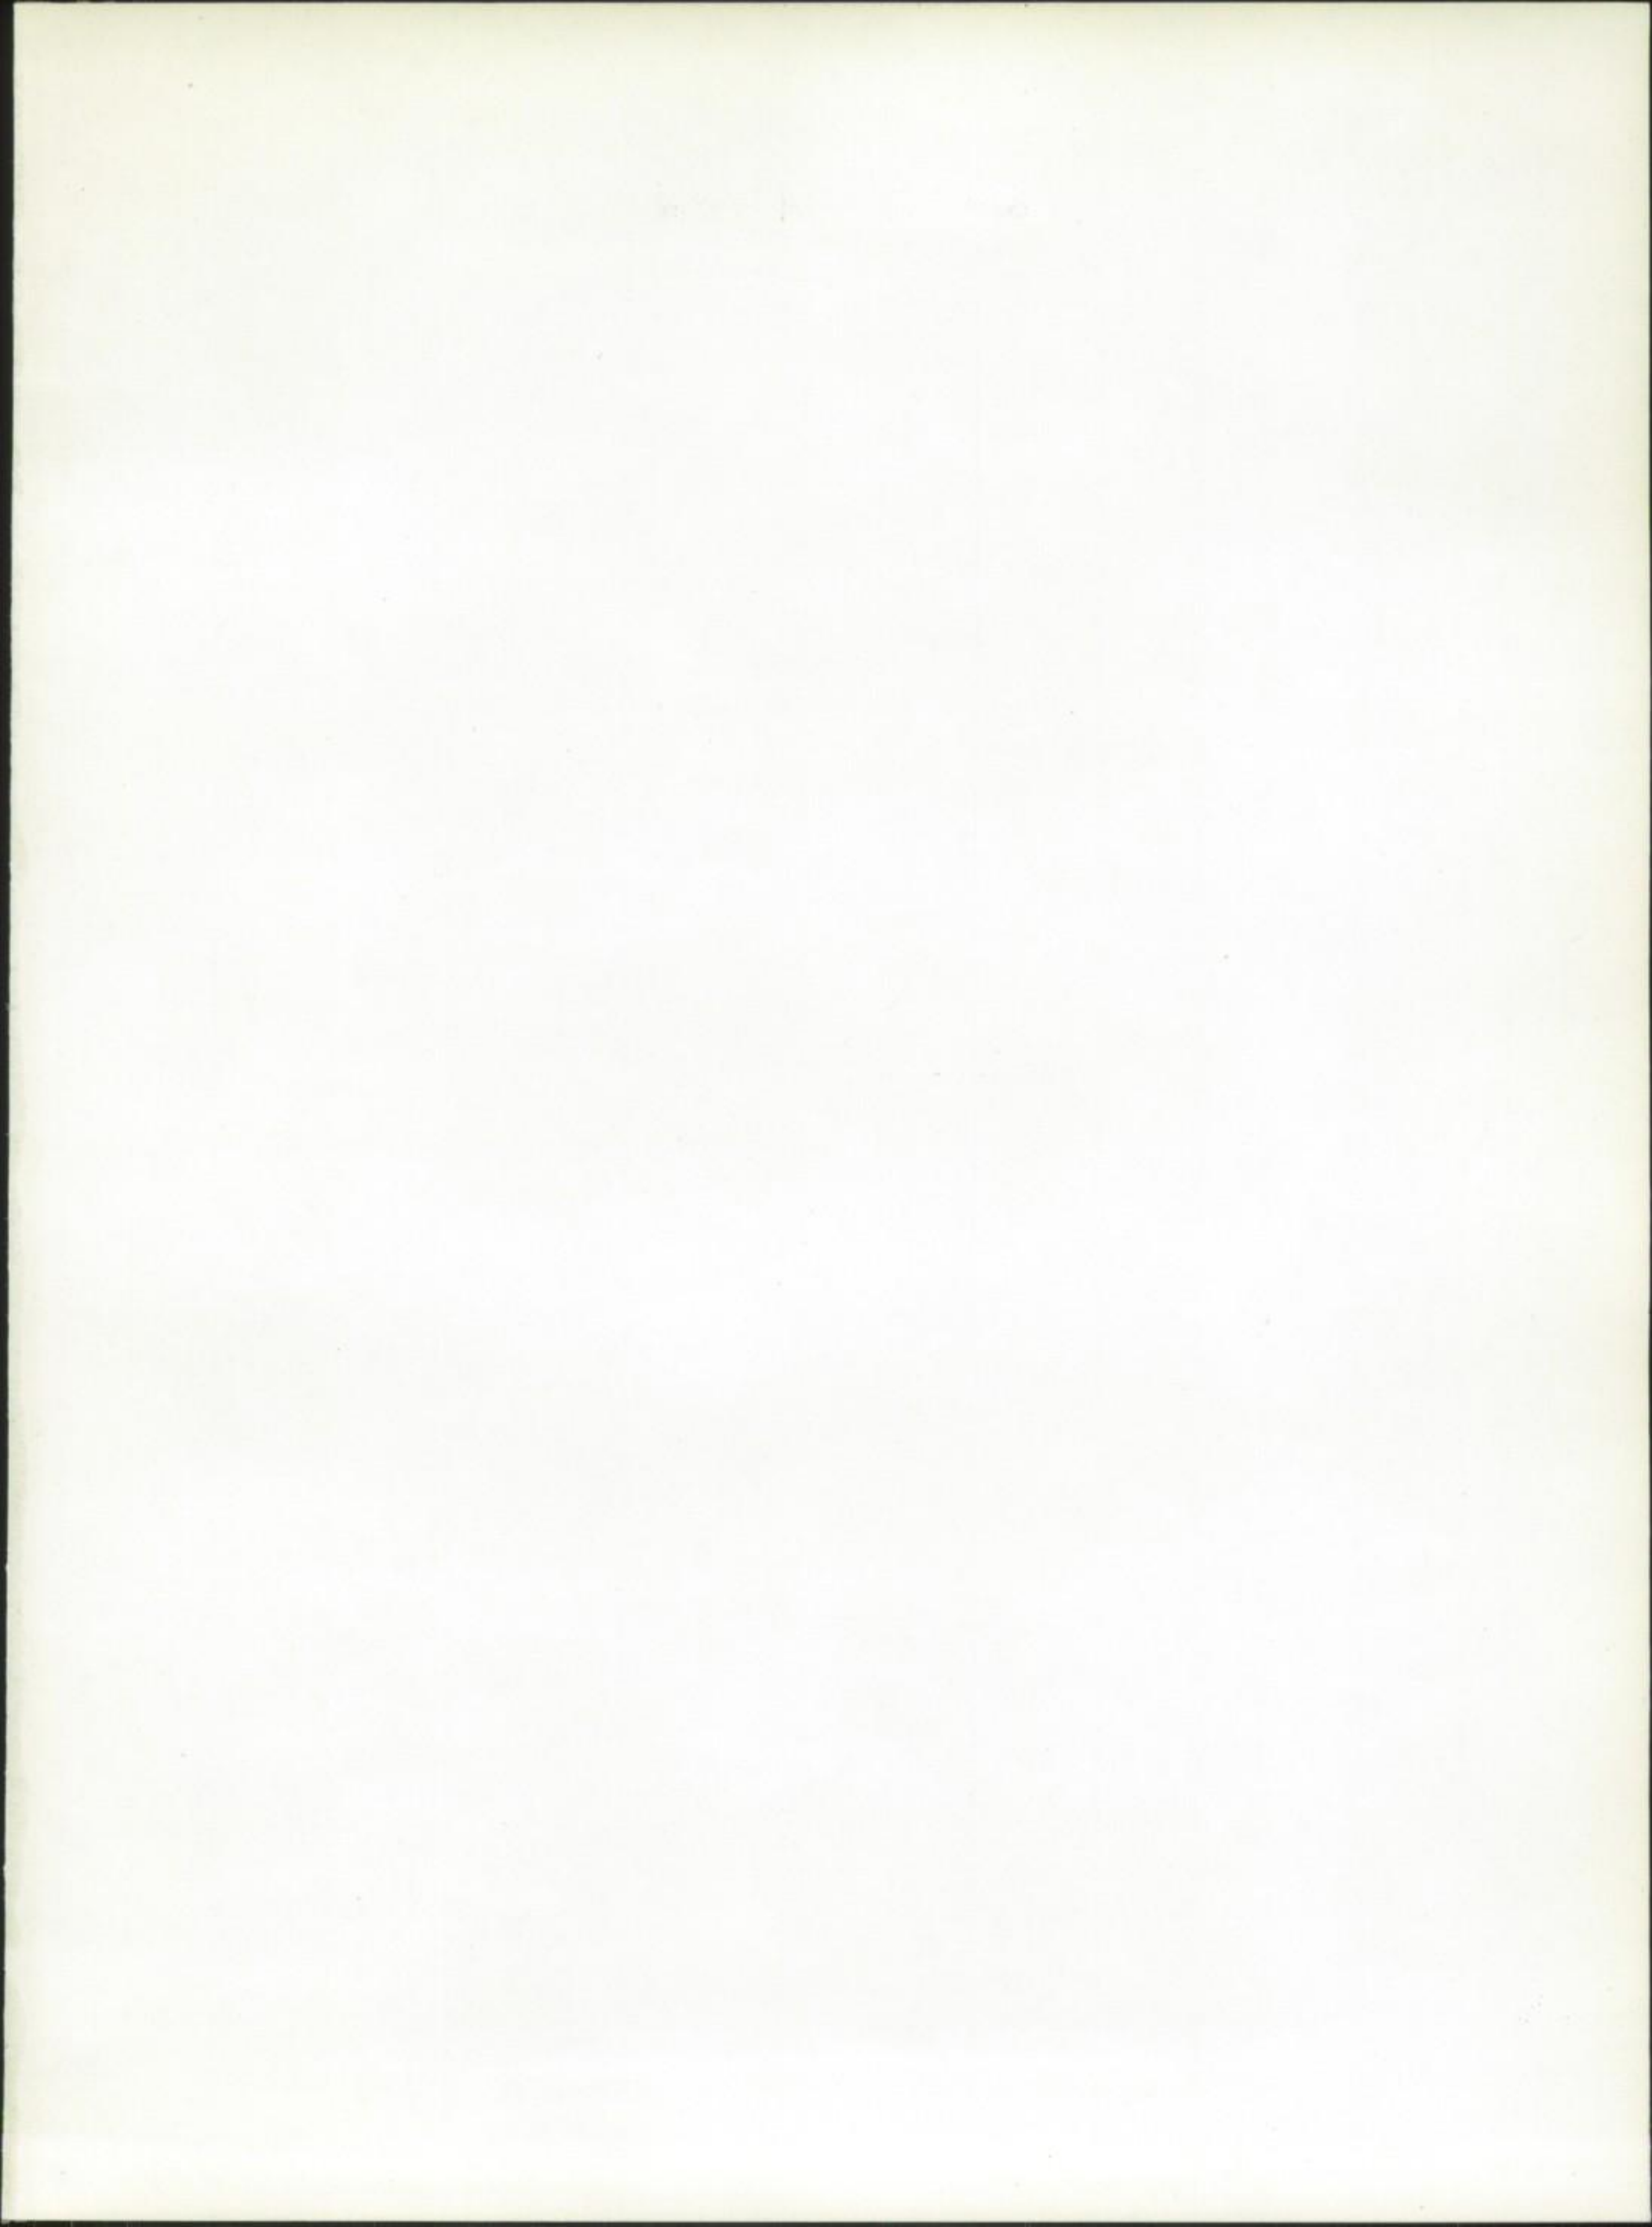

Special thank you's to non-staffers are owed to Scott Dixon, who loaned me a pen to draw layouts; and to Laura Dameron who typed this very copy and generally made

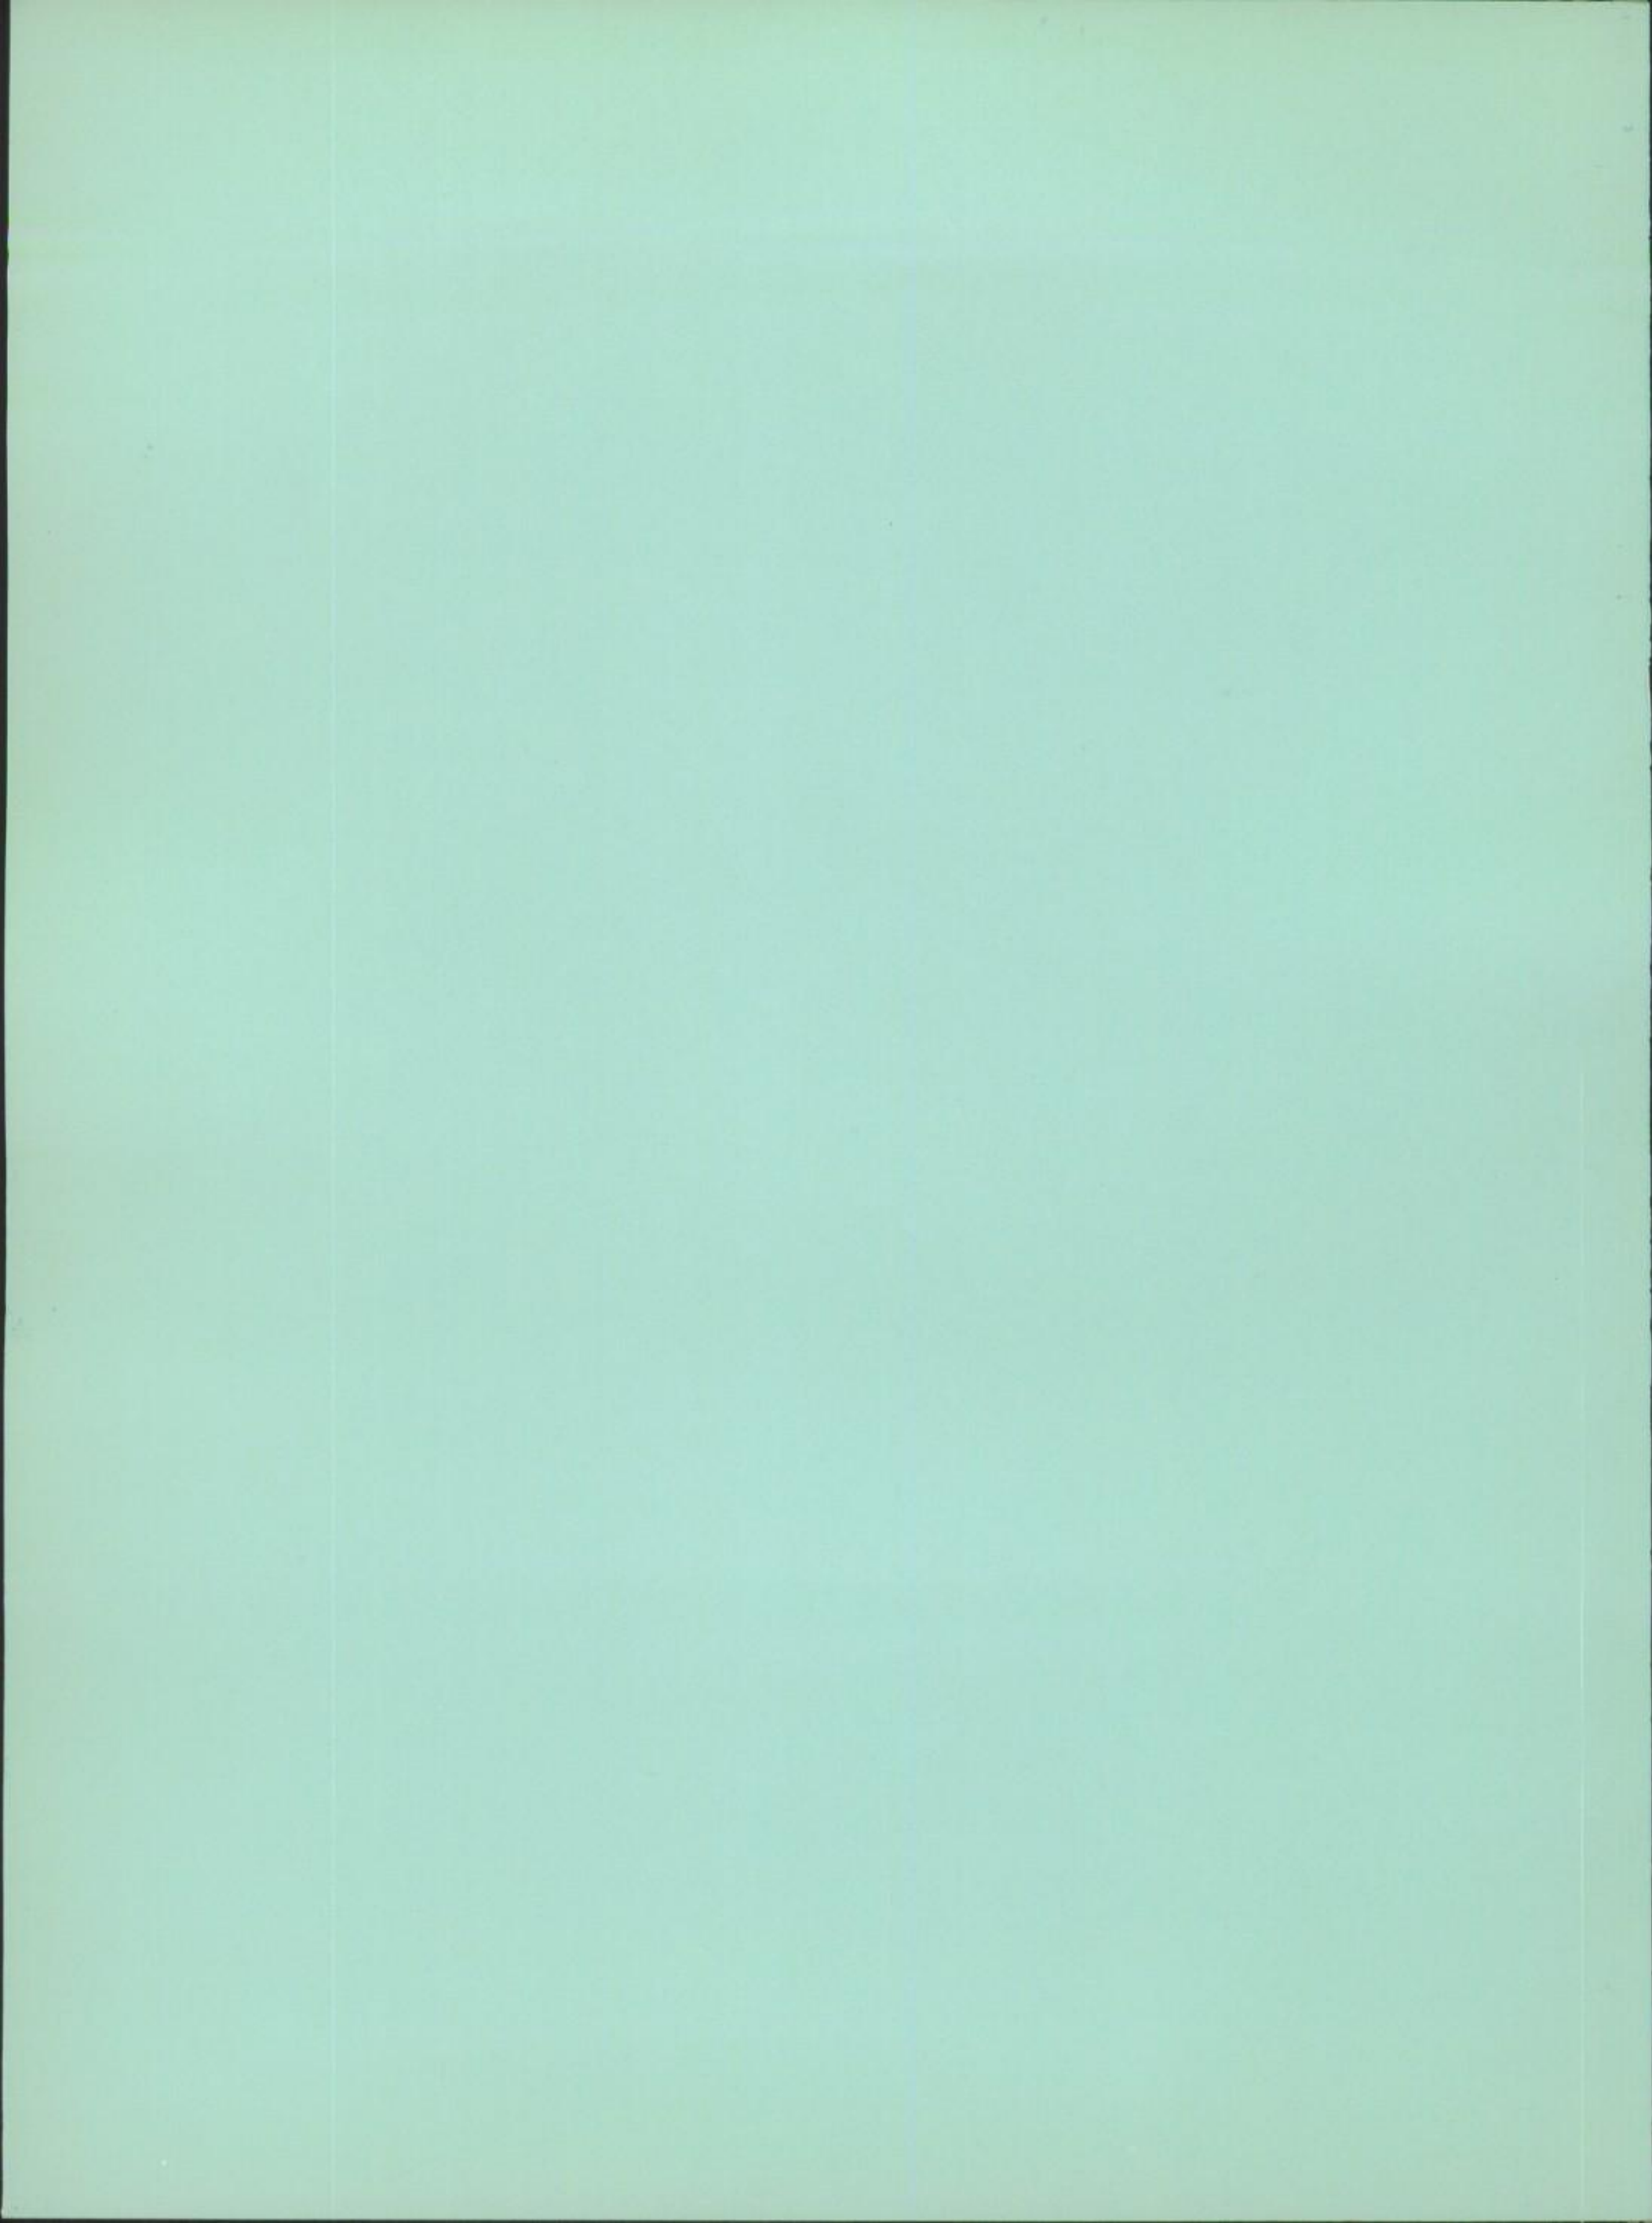

deadlines shorter and more bearable.

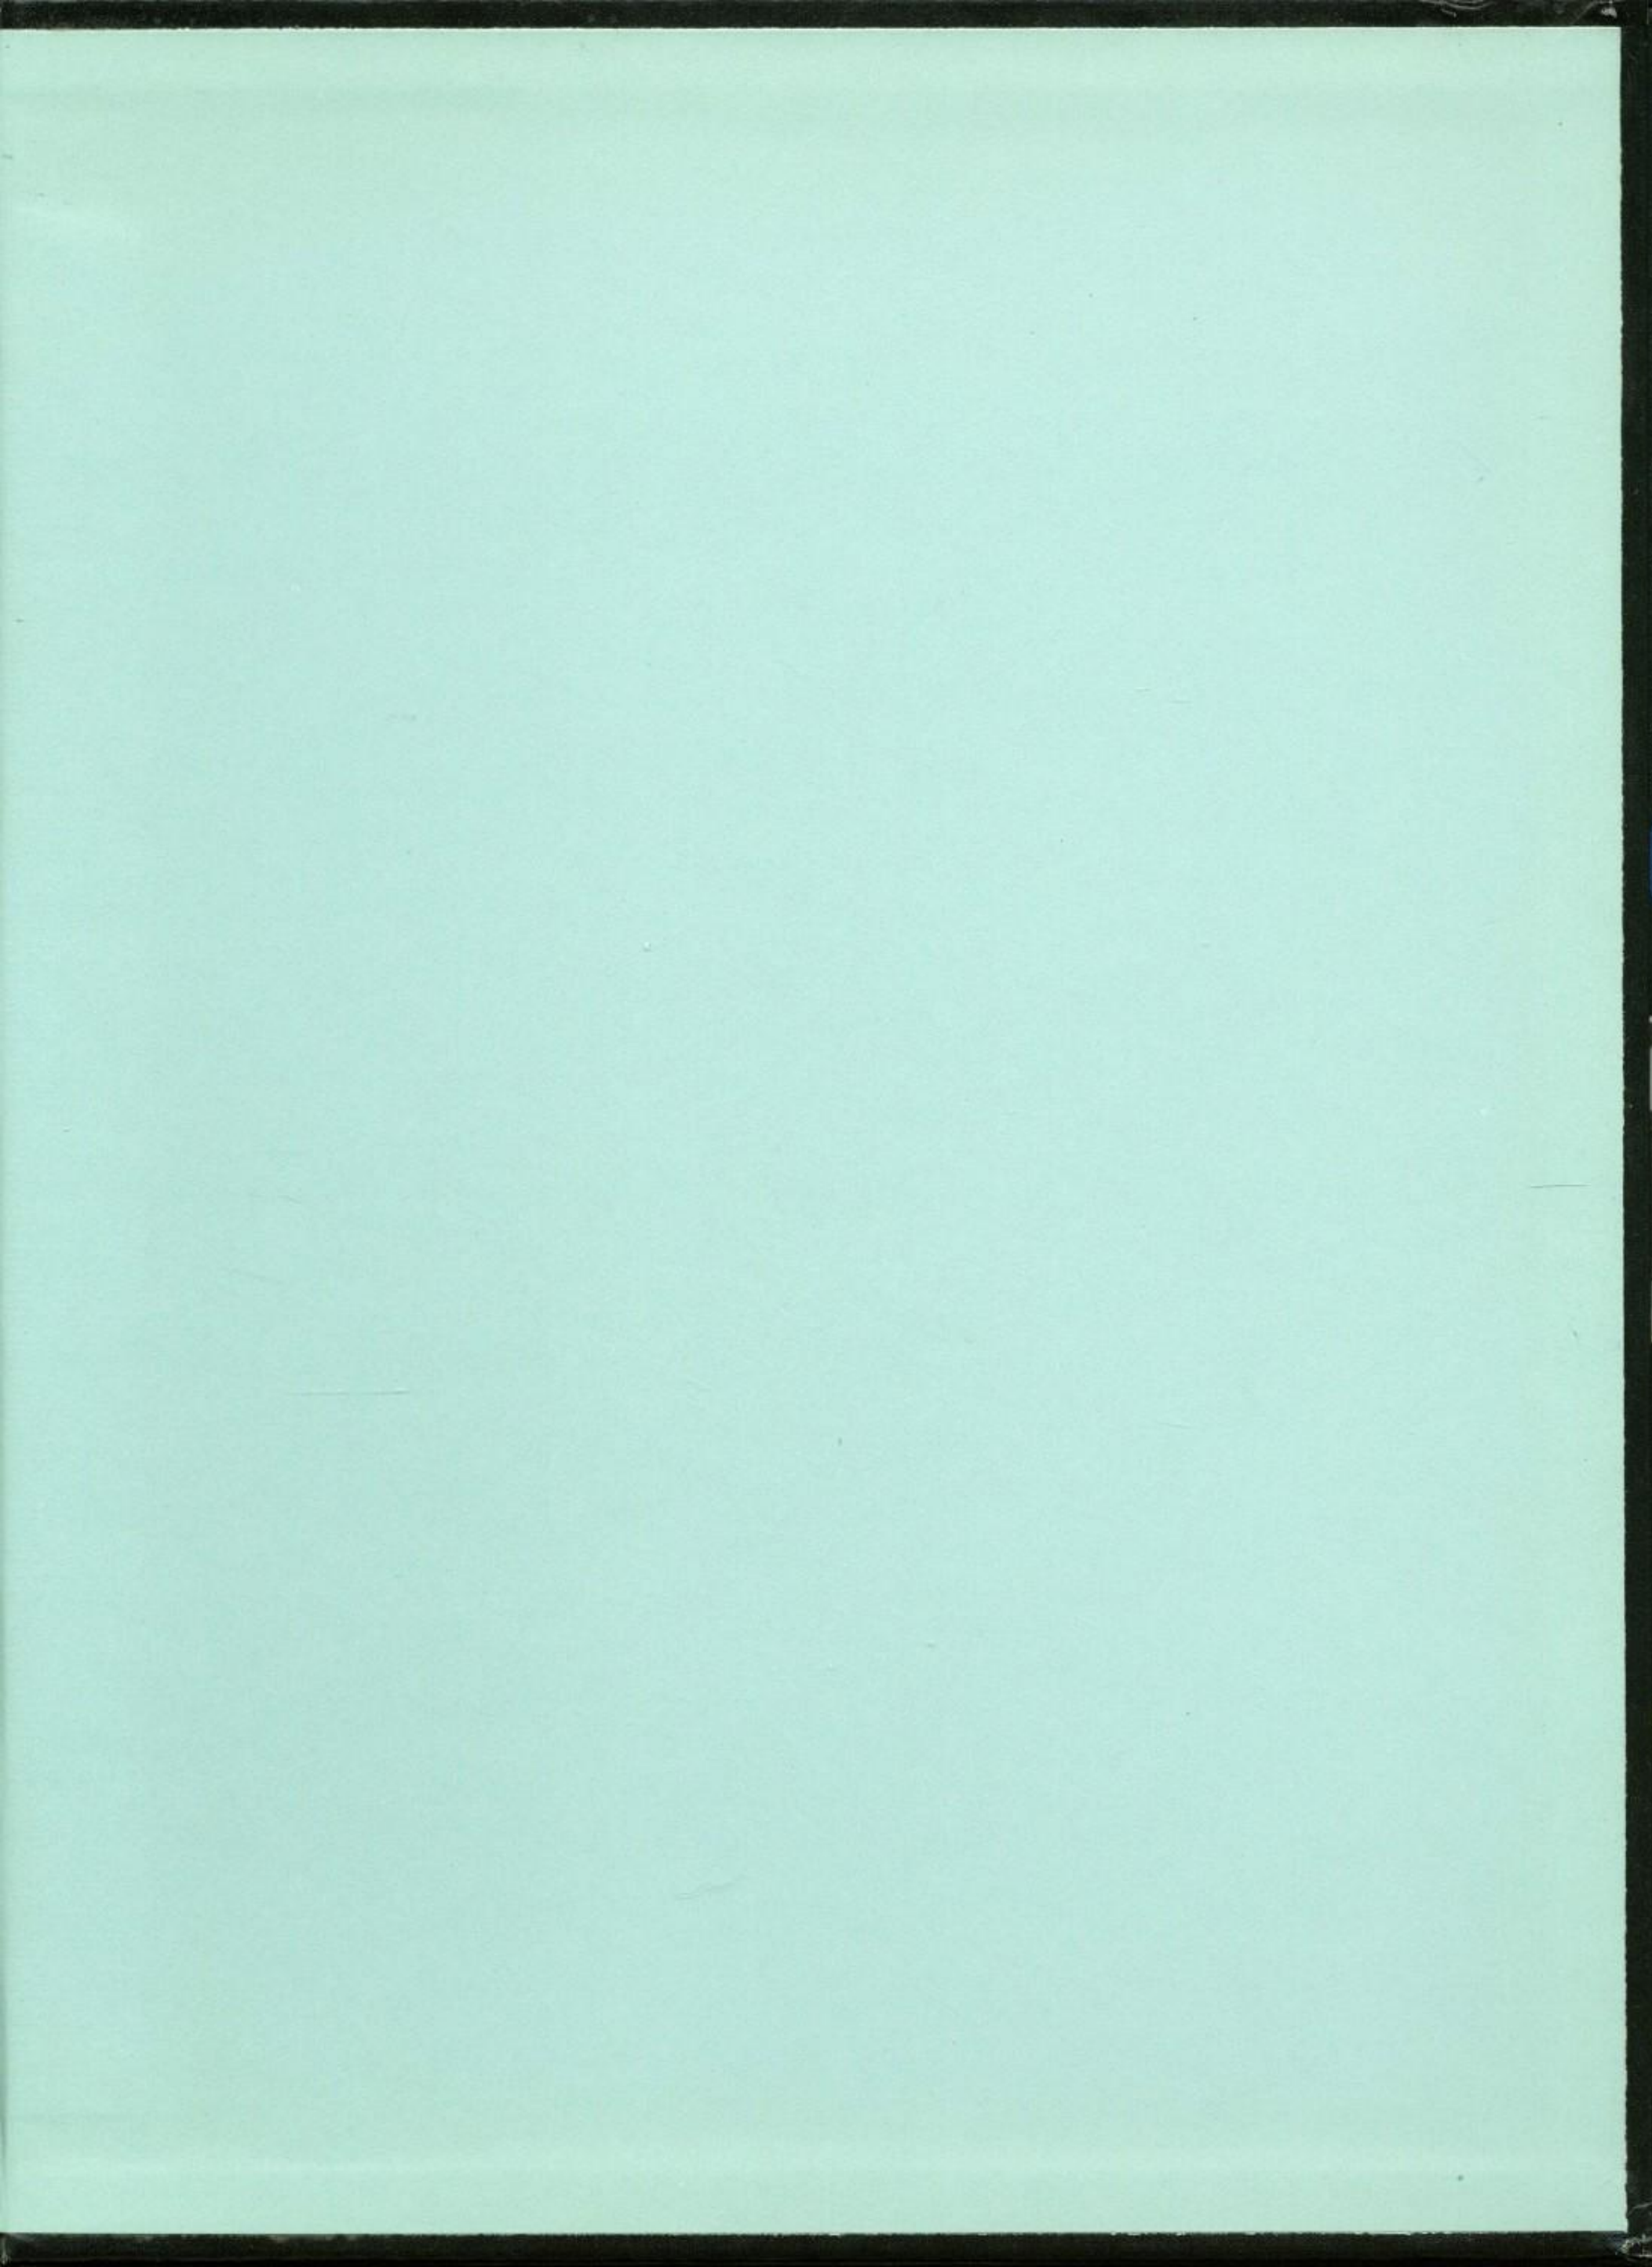

I am truly proud of this substantial undertaking and will never forget my year as Steve Carroll, Boy Editor.

Unconsciously yours,

Steve Carroll
